NONSCHOOL USE OF DISTRICT VEHICLES

The board has made the buildings and grounds of the district's public schools available for nonprofit use, provided that in the opinion of the superintendent such use would not conflict with, impede or negatively affect the operation of any school-related activities. The board will also make school-owned vehicles available to transport groups of qualified senior or handicapped citizens to civic, social, cultural, educational, recreational, nutritional and health programs and activities within the district or in the immediately surrounding districts.

Said travel shall be restricted to a destination within the Hanover Park Regional District, or any other school district which shares in some part of a common boundary with our school district.

"Qualified" senior citizens are persons over 60 residing in the area served by this school district and their spouses of less than 60 if they are accompanying them.

Further, the board may make district buses available for municipal programs, with board approval, under conditions provided by law.

The superintendent shall formulate administrative regulations in conformity with N.J.A.C. 6:3-4.1 and all other pertinent law. These regulations shall provide for payment by the group of all costs incurred by the district in such use of its vehicles. The regulations will also refer to, without duplicating, all current regulations governing conduct of the public on and/or using school facilities.
