Members of the Board of Education
Florham Park Public Schools
140 Columbia Turnpike
Florham Park, NJ 07932

Dear Board Members:

The comprehensive annual financial report of the Florham Park Public Schools for the fiscal year ended June 30, 2002 is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the District. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and account groups of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: 1) Introductory; 2) Financial; 3) Statistical ; and 4) Single Audit. The Introductory Section includes this transmittal letter, the District's organizational chart, and a list of principal officials. The Financial Section includes general purpose financial statements and schedules, as well as the auditor's report. The Statistical Section includes selected financial and demographic information, generally presented on a multi-year basis. The District is required to undergo an annual Single Audit in conformity with the provisions of the Single Audit Act of 1984 and amendments of 1996 and the U.S. Office of Management and Budget Circular Letter A133, "Audits of State, Local Governments and Non-Profit Organizations and New Jersey OMB Circular Letter 98-07, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid, and are not a required part of the general purpose financial statements." Information related to this single audit, including the auditor's report on the internal control structure and compliance with applicable laws and regulations, and findings and recommendations, are included in the single audit section of this report.

1. REPORTING ENTITY AND ITS SERVICES

The Florham Park School District is an independent reporting entity within the criteria adopted by the Government Accounting Standards Board (GASB). All funds and account groups of the District are included in this report. The Florham Park Board of Education and its three (3) schools constitute the District's reporting entity.

The District provides a full range of educational services appropriate to grade levels K through 8. These include regular and special education for handicapped youngsters. The District completed FY 2001/2002 with an enrollment of 843. The following Average Daily Enrollment figures details the changes in student enrollment over the last ten (10) years:

<u>Fiscal</u> <u>Year</u>	<u>Student</u> <u>Enrollment</u>	<u>Percent</u> <u>Change</u>
2001/02	843	8.2%
2000/01	779	4.0%
1999/00	749	0.3%
1998/99	747	2.2%
1997/98	731	3.9%
1996/97	702	1.7%
1995/96	690	(2.3%)
1994/95	706	3.5%
1993/94	681	(0.6%)
1992/93	685	(2.9%)
1991/92	705	(1.3%)

2. ECONOMIC CONDITION AND OUTLOOK

Compared to other Districts, Florham Park remains financially healthy. Although funding is not provided, the local tax payer is funding a \$13.85 million bond referendum that was approved January, 22, 2002 to upgrade facilities. The District is currently carrying a 6% surplus of the net budget to provide a cushion for the lack of State Aid, to fund emergency projects, and to provide necessary reserves for future contingencies.

3. MAJOR INITIATIVES

The District continues to meet its major challenges, vis-à-vis, a series of ambitious curriculum reviews based on the Long Range Curriculum Plan, which must be completed to maintain educational integrity. The curriculum reviews are in the areas of gifted and talented, reading, kindergarten program, middle school language learning disability class. The District has also continued to stress technology. All building computer labs have been updated, staff development has been offered after-school hours and during the summer, and the elementary schools are using wireless laptop carts for instruction.

In addition to technology, in-service training has focused on reading, language and mathematics instruction to address the ESPA and GEPA requirements. District in-service has focused on a diversified curriculum meeting the needs of each child.

4. INTERNAL ACCOUNTING CONTROLS

As a recipient of Federal and State financial assistance, the District is also responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluation by District management and the auditor.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to Federal and State financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5. BUDGETARY CONTROLS

In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund and the special revenue fund. The final budget amount as amended for FY 2001/2002 is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line-item basis. Open encumbrances at year-end are either canceled or are included as reappropriation of fund balance in the subsequent year. Those amounts to be reappropriated are reported as reservations of fund balance at June 30, 2002.

6. ACCOUNTING SYSTEM AND REPORTS

The District's accounting records reflect generally accepted accounting principles (GAAP), as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds and account groups. These funds and account groups are explained in "Notes to the Financial Statements," Note #1.

7. FINANCIAL INFORMATION AT FISCAL YEAR-END

As demonstrated by the various statements and schedules included in the financial section of this report, the District continues to meet its responsibility for sound financial management. The following schedule presents a summary of the general fund, special revenue fund, and debt service revenues, for fiscal year ended June 30, 2002, including the amount and percentage of increases in relation to prior year revenues:

<u>Revenue</u>	<u>Amount</u>	<u>Percent of Total</u>	<u>Increase/Decrease from 99/00</u>	<u>Increase</u>
Local Sources	\$9,242,579	87.4%	322,370	3.6%
State Sources	\$1,173,064	11.1%	(120,532)	(9.3)%
Federal Sources	156,029	1.5%	10,648	7.3%
Totals	<u>\$10,571,672</u>	<u>100%</u>	<u>212,486</u>	<u>2.0%</u>

The following schedule presents a summary of general fund and special revenue fund expenditures for the fiscal year ended June 30, 2002, and the percentage of increases and decreases in relation to prior year amounts:

<u>Expenditures</u>	<u>Amount</u>	<u>Percent of Total</u>	<u>Increase/Decrease from 99/00</u>	<u>Percent of Increase/Decrease</u>
Current Expense:				
Instruction	\$4,440,669	42.8	65,216	1.4%
Undistributed Expenditures	\$5,226,229	50.4	(179,959)	(3.3)%
Capital Outlay	170,203	1.9	(279,442)	(6.2%)
Debt Service	517,445	4.9	(6,550)	1.2%
Totals	\$10,354,546	100%	387,635	3.7

8. DEBT ADMINISTRATION

In July, 2002 the District issued \$10,940,000 in General Obligation Bonds. The proceeds of this bond issue were placed in the District's capital projects fund for use to provide funds for capital improvements to the District's buildings and grounds. These improvements include additions and various renovations in all three (3) school buildings.

9. CASH MANAGEMENT

The investment policy of the District is guided in large part by State statute as detailed in "Notes to Financial Statements", Note #2. The District has adopted a cash management plan which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). "GUDPA" was enacted in 1970 to protect governmental units from loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

10. RISK MANAGEMENT

The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.

11. OTHER INFORMATION

Independent Audit – State statute requires an annual audit by independent certified public accountants or registered municipal accounts. The accounting firm of Lerch Vinci & Higgins, CPA's was selected by the Board's Finance Committee. In addition to meeting the requirements as set forth in State statutes, the audit also was designed to meet the requirements of the Single Audit Act of 1984, as amended in 1996, and the related OMB Circular A-133 and State Treasury Circular Letter 98-07.

The Auditor's report on the general purpose financial statements and combining and individual fund statements and schedules are included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

12. ACKNOWLEDGEMENTS

We would like to express our appreciation to the members of the Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the District, as well as contributing their full support to the development and maintenance of our financial operations. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted,

INDEPENDENT AUDITORS' REPORT

Honorable President and Members
of the Board of Trustees
Florham Park Board of Education
Florham Park, New Jersey

We have audited the accompanying general purpose financial statements of the Florham Park Board of Education, as of and for the year ended June 30, 2002, as listed in the table of contents. These general purpose financial statements are the responsibility of the Board of Education's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Florham Park Board of Education, as of June 30, 2002, and the results of its operations and the cash flows of its proprietary fund types for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated July 25, 2002 on our consideration of the Florham Park Board of Education's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. This report is an integral part of our audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the general purpose financial statements of the Florham Park Board of Education, taken as a whole. The accompanying schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations" and New Jersey OMB's Circular 98-07 "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid", and are not a required part of the general purpose financial statements. Additionally, the accompanying combining, individual fund and account group financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Florham Park Board of Education. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the general purpose financial statements taken as a whole.

The accompanying financial information listed as the statistical section in the Table of Contents is presented for the purpose of additional analysis and is not a required part of the general purpose financial statements of the Florham Park Board of Education. The information has not been audited by us and, accordingly, we express no opinion on this information.

NOTES TO FINANCIAL STATEMENTS

**FLORHAM PARK BOARD OF EDUCATION
NOTES TO FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2002**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the Florham Park Board of Education (the "Board" or the "District") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to school districts. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. In addition, accounting policies of the Florham Park Board of Education comply with the rules prescribed in Financial Accounting for New Jersey School Districts, the Audit Program, by the New Jersey Department of Education. The more significant accounting policies of the Board are described below.

A. Reporting Entity

The Board is an instrumentality of the State of New Jersey, established to function as an educational institution. The Board consists of elected officials and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District. Under existing statutes, the Board's duties and powers include, but are not limited to, the development and adoption of a school program; the establishment, organization and operation of schools; and the acquisition, maintenance and disposition of school property.

The Board also has broad financial responsibilities, including the approval of the annual budget and the establishment of a system of accounting and budgetary controls.

The Florham Park Board of Education includes in its financial statements the primary government and those component units for which the primary government is financially accountable. Financial accountability is defined as appointment of a voting majority of the component unit's board, and either a) the ability to impose will by the primary government, or b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government. There were no component units with a positive response to any of these reporting criteria. Furthermore, the Board is not includable in any other reporting entity on the basis of such criteria.

B. Fund Accounting

The accounts of the District are maintained in accordance with the principles of fund accounting to ensure observance of limitations and restrictions on the resources available. The principles of fund accounting require that resources be classified for accounting and reporting purposes into funds or account groups in accordance with the activities or objectives specified for the resources. Each fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources. Funds are classified into three categories: governmental, proprietary and fiduciary. Each category, in-turn, is divided into separate "fund types" as follows:

Governmental Fund Types - These are the funds through which most governmental functions typically are financed. The funds included in this category are as follows:

General Fund - The General Fund is the general operating fund of the Board. Resources which are not legally or by accounting principles generally accepted in the United States of America to be accounted for in other funds are accounted for in the General Fund.

Special Revenue Fund - The Special Revenue Fund accounts for the proceeds of specific revenue sources legally restricted to expenditures for specified purposes. This fund accounts for federal and state financed programs, with the exception of the federal milk program.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Fund Accounting (Continued)

Governmental Fund Types (Continued)

Capital Projects Fund - The Capital Projects Fund accounts for the proceeds from the sale of bonds, lease purchases and other revenues used for the acquisition or construction of capital facilities.

Debt Service Fund - The Debt Service Fund accounts for the accumulation of resources for and the payment of general long-term debt principal, interest and related costs.

Proprietary Fund Types - These funds account for operations that are organized to be self supporting through user charges. The fund included in this category is the Enterprise Fund.

Enterprise Fund - This fund is established to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that costs of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges.

Fiduciary Fund Types - These Funds account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations and other units of government. These funds are as follows:

Expendable Trust Fund - This Fund accounts for the assets and resources which are also held by the Board as a trustee or agent for individuals, private organizations, other governments and/or other funds. This fund includes donations for scholarships whereby both principal and revenues generated may be expended for purposes designated by the donors and unemployment contributions and claims.

Agency Fund - This Fund accounts for assets held by the Board as a trustee or agent for individuals, private organizations, other governments and/or other funds. Agency Funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations. The fund assets are held for the purpose of payroll related and student activities programs.

Account Groups - The Board also maintains two account groups as described below:

General Fixed Assets - All fixed assets used in governmental fund type operations (general fixed assets) are accounted for in the general fixed assets account group, rather than in governmental funds. Fixed assets related to food service operations are accounted for in the food service enterprise fund and are considered fund fixed assets.

General Long-Term Debt - All unmatured general long-term liabilities of the District (excluding those of proprietary fund types) are accounted for in the general long-term debt account group. This includes serial bonds outstanding which are expected to be financed from governmental funds, the outstanding principal balance on capital leases and the noncurrent portion of the liability for compensated absences.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types and expendable trust funds are accounted for using a current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net current assets.

All proprietary fund types are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of these funds are included on the balance sheet. Fund equity (i.e., net total assets) is reported as retained earnings. Proprietary fund-type operating statements present increases (e.g., revenues) and decreases (e.g., expenses) in net total assets. The Board has elected to follow GAAP prescribed by the Governmental Accounting Standards Board (GASB) and all Financial Accounting Standards Board (FASB) standard issued prior to November 30, 1989. Subsequent to their date, the Board accounts for its proprietary funds as presented by GASB.

The modified accrual basis of accounting is used by all governmental fund types and expendable trust and agency funds. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The District considers revenues as available if they are collected within 60 days after year end. Expenditures are recorded when the related fund liability is incurred. Principal and interest on general long-term debt are recorded as fund liabilities when due.

Those revenues susceptible to accrual are property taxes, interest, tuition and state and federal revenues.

The accrual basis of accounting is utilized by proprietary fund types. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

The district reports deferred revenues on its combined balance sheet. Deferred revenues arise when a potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred revenues also arise when resources are received by the District before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized.

D. Budgets/Budgetary Control

In accordance with the requirements of the New Jersey Department of Education, the District annually prepares its operating budget for the forthcoming year. The budget, except for the special revenue fund, which is prepared in accordance with accounting principles generally accepted in the United States of America and serves as a formal plan for expenditures and the proposed means for financing them.

The annual budget is adopted in the spring of the preceding year for the general, special revenue and debt service funds. The budget is submitted to the county superintendent and is voted upon at the annual school election on the third Tuesday in April. Budget adoptions and amendments are recorded in the District's board minutes. The budget is amended by the Board of Trustees as needed throughout the year. The budget for revenues, other resources, other uses, and fund balances is prepared by fund source and amount. The budget for expenditures is prepared by fund, program, function, object and amount. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. The Board approved several budget transfers during 2001/02. During 2001/02, the Board increased the original budget by \$271,150. The increase was funded by additional surplus appropriated, grant awards and the reappropriation of prior year encumbrances.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Budgets/Budgetary Control (Continued)

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America with the exception of the special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The following presents a reconciliation of the special revenue funds from the budgetary basis of accounting as presented in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual - General, Special Revenue and Debt Service Funds to the GAAP basis of accounting as presented in the Combined Statement of Revenues, Expenditures and Changes in Fund Balances - All Governmental Fund Types and Expendable Trust Fund.

Total revenues & expenditures (budgetary basis)	\$289,017
Add: Encumbrances at June 30, 2001 (Net of Cancellations)	<u>647</u>
Total revenues & expenditures (GAAP basis)	<u>\$289,664</u>

E. Encumbrances - Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund for which the District has received advances are reflected in the balance sheet as deferred revenues at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

F. Cash and Investments - Cash includes amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the Board. Investments are stated at fair value and are limited by N.J.S.A. 18A:20-37.

G. Receivables - All receivables are reported at their gross value, and where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

**FLORHAM PARK BOARD OF EDUCATION
NOTES TO FINANCIAL STATEMENTS (Continued)
FOR THE FISCAL YEAR ENDED JUNE 30, 2002**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. Tuition

Tuition Revenue - Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs are determined.

Tuition Expenditures - Tuition charges for the fiscal years 2000-01 and 2001-02 were based on rates established by the receiving district. These rates are subject to change when the actual costs have been certified by the State.

I. Inventories - The cost of inventories of the governmental fund types are recorded as expenditures at the time individual inventory items are purchased.

Food Service Fund inventories are valued at cost, using the First-in First-out (FIFO) method. There was no inventory in the Food Service Fund at June 30, 2002.

J. Fixed Assets - The District maintains a formal system of accounting for its general fixed assets. General fixed assets acquired or constructed are recorded at original cost. Donated fixed assets are valued at their estimated fair market value on the date received.

General fixed assets are reflected as expenditures in the applicable governmental funds, and the related assets are reported in the general fixed assets account group. Expenditures which enhance the asset or significantly extend the useful life of the asset are considered improvements and are added to the fixed asset's currently capitalized cost. The cost of normal repairs and maintenance are not capitalized.

Assets in the general fixed assets account group are not depreciated. Depreciation of machinery and equipment in the proprietary fund types is computed using the straight line method.

K. Compensated Absences - The District accounts for compensated absences as directed by Governmental Accounting Standards Board Statement No. 16 (GASB No. 16), "Accounting for Compensated Absences". Accumulated sick leave is accrued as a liability as the benefits are earned if the employee's rights to receive compensation are attributable to services already rendered and it is probable that the School District will compensate the employee for the benefits. Sick leave pay and salary related payments that are expected to be liquidated with expendable available financial resources are reported as an expenditure and a fund liability of the governmental fund that will pay it. Amounts not expected to be liquidated with expendable available financial resources are reported in the general long-term debt account group. No expenditure is reported for these amounts until paid. Accumulated sick leave and salary related payments of the proprietary funds are recorded as an expense and liability as the benefits accrue to the employees. Under existing agreements employees are not permitted to accumulate unused vacation days.

L. Long-Term Obligations - Long-term debt is recognized as a liability of a governmental fund when due, or when resources have been accumulated in the debt service fund for payment early in the following year. For other long-term obligations, only that portion expected to be financed from expendable financial resources is reported as a fund liability of a governmental fund. The remaining portion of such obligations is reported in the general long-term debt account group.

M. Fund Equity - The unreserved fund balances for governmental funds represent the amount available for budgeting future operations. The reserved fund balances for governmental funds represent the amount that has been legally identified for specific purposes. Unreserved retained earnings for proprietary funds represent the net assets available for future operations or distribution.

**FLORHAM PARK BOARD OF EDUCATION
NOTES TO FINANCIAL STATEMENTS (Continued)
FOR THE FISCAL YEAR ENDED JUNE 30, 2002**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

N. Interfund Transactions - Quasi-external transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except quasi-external transactions and reimbursements are reported as transfers. Nonrecurring or nonroutine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

O. Property Tax Revenues - Property taxes which are levied pursuant to law and collected by the municipality are transferred to the Board as requested and are recognized as revenues in the year they are levied and become available. Property taxes collected in advance of the year-end for which they are levied and transferred to the Board are reported as deferred revenues. The tax bills are mailed by the Municipal Tax Collector and are payable in four quarterly installments on February 1, May 1, August 1 and November 1.

P. Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management of the District to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Q. Total Columns - The combined financial statements include a total column that is captioned **memorandum only** to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or cash flows in conformity with accounting principles generally accepted in the United States of America. Neither are such data comparable to a consolidation. Interfund transactions have not been eliminated from the total column of each financial statement.

R. Comparative Data - Comparative total data for the prior year have been presented in selected sections of the accompanying financial statements in order to provide an understanding of the changes in the government's financial position and operations. However, comparative data have not been presented in all statements because their inclusion would make statements unduly complex and difficult to understand. Also, certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

NOTE 2 DEPOSITS AND INVESTMENTS

The District considers petty cash, change funds, cash in banks and certificates of deposit as cash and cash equivalents.

Deposits

The Board's deposits are insured through either the Federal Deposit Insurance Corporation (FDIC) or New Jersey's Governmental Unit Deposit Protection Act. The New Jersey Governmental Unit Deposit Protection Act requires all banks doing business in the State of New Jersey to maintain additional collateral in the amount of 5% of the average public deposits and to deposit these amounts with the Federal Reserve Bank for all deposits not covered by the FDIC.

**FLORHAM PARK BOARD OF EDUCATION
NOTES TO FINANCIAL STATEMENTS (Continued)
FOR THE FISCAL YEAR ENDED JUNE 30, 2002**

NOTE 2 DEPOSITS AND INVESTMENTS (Continued)

Bank balances are insured up to \$100,000 in the aggregate by the FDIC for each bank. At June 30, 2002, the book value of the Board's deposits was \$15,144,938 and bank balances of the Board's cash and deposits amounted to \$15,541,784. Of the bank balances \$100,000 was covered by FDIC, \$14,710,440 was covered by the New Jersey Governmental Unit Deposit Protection Act and \$731,344 are uninsured with the New Jersey Cash Management Plan. The Board's deposits which are displayed on the combined balance sheet as "cash" are categorized as:

Category 1 - Insured or collateralized with securities held by the Board or its agent in the Board's name.

Category 2 - Collateralized with securities held by the pledging financial institutions trust department or agent in the Board's name.

Category 3 - Uncollateralized or collateralized with securities held by the pledging financial institution, or by its trust department or agent, but not in the Board's name.

Deposits	<u>\$14,810,440</u>	<u>\$ -</u>	<u>\$731,344</u>	<u>\$15,541,784</u>

Investments

New Jersey statutes permit the Board to purchase the following types of securities:

- a. Bonds or other obligations of the United States or obligations guaranteed by the United States of America.
- b. Government Money Market Mutual Funds.
- c. Any obligations that a federal agency or a federal instrumentality has issued, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligation bears a fixed rate of interest.
- d. Bonds or other obligations of the school district or bonds or other obligations of the local unit or units which the school district is located.
- e. Bonds or other obligations, having a maturity date of not more than 397 days from the date of purchase, that are approved by the New Jersey Department of Treasury, Division of Investments.
- f. Local Government investment pools.
- g. Agreements or the repurchase of fully collateralized securities, if transacted in accordance with NJSA 18A:20-37.

At June 30, 2002, the Board had no investments outstanding.

NOTE 6 FUND EQUITY

Reservations and designations of fund balances of governmental funds are created to either (1) satisfy legal covenants that require a portion of the fund balance to be segregated or (2) identify the portion of the fund balance that is appropriated for future expenditures. Specific reservations and designations of the fund balance accounts are summarized below.

Reserved for Encumbrances - This reserve was created to represent encumbrances outstanding at the end of the year based on purchase orders and contracts awarded for which the goods or services have not yet been received at June 30.

NOTE 6 FUND EQUITY (Continued)

Reserved for Capital Reserve Account – This reserve was created by budget appropriation to fund future capital expenditures (See Note 14).

Reserved for Payment of Note Interest – This reserve was created to represent the premium received on note proceeds and interest earned on unspent note proceeds pledged to the payment of note interest due in accordance with the financing plan approved by the Local Finance Board of the State of New Jersey on May 8, 2002.

Reserved for Excess Surplus – This reserve was established to represent the June 30, 2002 audited excess surplus that will be appropriated in the 2003/04 original budget for property tax relief.

Designated for Subsequent Year's Budget – This designation was created to dedicate the portion of unreserved fund balance utilized in the adopted subsequent year's budget.

NOTE 7 PENSION PLANS

Plan Descriptions

Substantially all of the Board's employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute: the Teachers' Pension and Annuity Fund (TPAF) or the Public Employees' Retirement System (PERS). These systems are sponsored and administered by the State of New Jersey. The Teachers' Pension and Annuity Fund retirement system is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statutes, all employer contributions are made by the State of New Jersey on behalf of the Board and the system's other related non-contributing employers. The Public Employees Retirement System is considered a cost-sharing multiple-employer plan.

Teachers' Pension and Annuity Fund

The Teachers' Pension and Annuity Fund was established in January, 1955 under the provisions of N.J.S.A. 18A:66 to provide coverage including post-retirement health care to substantially all full time public school employees in the State.

Membership is mandatory for such employees and vesting occurs after 8 to 10 years of service for pension benefits and 25 years for health care coverage. Members are eligible for retirement at age 60 (55 for veterans of military service, Ch. 133, P.L. 2001) with an annual benefit generally determined to be 1/60th (amended to 1/55th as of November 1, 2001, Ch. 133, P.L. 2001) of the average annual compensation for the highest three fiscal years' compensation for each year of membership during years of creditable service. Early retirement is available to those under age 60 with 25 or more years of credited service. Anyone who retires early and is under age 55 receives retirement benefits as calculated in the above-mentioned formula but at a reduced rate (one quarter of one percent for each month the member lacks of attaining age 55).

Public Employees' Retirement System

The Public Employees' Retirement System was established in January, 1955 under the provisions of N.J.S.A. 43:15A to provide coverage including post-retirement health care to substantially all full time employees of the State or any county, municipality, school district or public agency provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees and vesting occurs after 8 to 10 years of service and 25 years for health care coverage. Members are eligible for retirement at age 60 (55 for veterans of military service, Ch. 133, P.L. 2001) with an annual benefit generally determined to be 1/60th (amended to 1/55th as of November 1, 2001, Ch. 133, P.L. 2001) of the average annual compensation for the highest three fiscal years' compensation for each year of membership during years of creditable service. Early retirement is available to those under age 60 with 25 or more years of credited service. Anyone who retires early and is under age 55 receives retirement benefits as calculated in the above-mentioned formula but at a reduced rate (one quarter of one percent for each month the member lacks of attaining age 55).

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information for TPAF and PERS. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295.

Significant Legislation

Effective November 1, 2001, Chapter 133, Public Law of 2001 increases the retirement benefits under the Teachers' Pension and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS) for service, deferred and early retirement by changing the formula from 1/70 to 1/64 of final compensation for each year of Class A Service and from 1/60 to 1/55 of final compensation for each year of Class B service. The law also increases the retirement benefit for TPAF and PERS veteran members with 35 or more years of service and reduces the age qualification for this veteran retirement benefit from 60 to 55. The law further provides that existing retirees and beneficiaries whose retirement allowance is based on a service, deferred, early, or 35-year veteran retirement, would also receive a comparable percentage increase in their retirement allowances (9.09%).

This law also provides up to a 2% reduction in TPAF member contributions from the normal contribution rate of 5% beginning with calendar year 2002. After calendar year 2002, the rate of contribution will be reduced equally with employer normal contributions, but not by more than 2%, from excess valuation assets if the State Treasurer determines that excess valuation assets will be used to reduce normal contributions by the State. This change provides that future reductions in TPAF and PERS member contribution rates will be calculated in a similar fashion.

To fund the additional accrued liability for the increase benefits, the law provides that the actuarial value of assets for both TPAF and PERS, for the valuation period ending June 30, 1999, will be the full market value of the assets as of that date.

To fund the additional annual employer normal contribution for the increased benefits, the law establishes a benefit enhancement fund for both TPAF and PERS which would be funded by excess valuation assets beginning with the valuation period ending June 30, 1999. The amount of excess assets credited to the fund cannot exceed the amount of member contributions for the fiscal year in which the normal contributions are payable.

Funding Policy

The contribution policy is set by New Jersey State Statutes and contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. TPAF and PERS provides for a current employee contribution rate of 4.5% of employees' annual compensation, as defined. Chapter 415, P.L. 1999 provided for a reduction in the PERS employee contributions rate from 5% to 3%. Prior to January 1, 2001, the employee contribution rate was set at 4.5% in accordance with Chapter 115, P.L. 1997, which lowered the contribution rate by ½ of 1% for calendar years 1998 and 1999. Employers are required to contribute at an actuarially determined rate in both TPAF and PERS. The actuarially determined contribution includes funding for cost-of-living adjustments, noncontributory death benefits, and post-retirement medical premiums. Under current statute the Board is a non-contributing employer of the TPAF.

The Board's contributions to PERS for the years ended June 30, 2002, 2001 and 2000 were offset by a Pension Security Act credit; therefore no contributions were required.

During the year ended June 30, 2002, the State of New Jersey was not required to contribute to the TPAF for normal cost pension contribution or post-retirement medical benefits on behalf of the Board. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the Board \$367,973 during the year ended June 30, 2002 for the employer's share of social security contributions for TPAF members as calculated on their base salaries. These amounts have been included in the general purpose financial statements, and the combining and individual fund statements and schedules as revenues and expenditures in accordance with GASB No. 24.

NOTE 8 POST RETIREMENT BENEFITS

Post-Employment Medical Benefits

Chapter 384 of Public Laws 1987 and Chapter 6 of Public Laws 1990 required TPAF and PERS, respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. As of June 30, 2001, there were 51,482 retirees eligible for post-retirement medical benefits. The cost of these benefits is funded through contributions by the State in accordance with Chapter 62, P.L. 1994. Funding of post-retirement medical premiums changed from a prefunding basis to a pay-as-you-go basis beginning in fiscal year 1994 with an additional contribution beginning in fiscal year 1996 to maintain a medical reserve of one half of 1% of the active State payroll.

The State contributed \$85.4 million to the PERS and \$175.6 million to the TPAF in the fiscal year 2001 for post-retirement medical benefits.

The State is also responsible for the cost attributable to Chapter 126, P.L. 1992, which provides for free health benefits to members of PERS and the Alternative Benefit Program who retired from a board of education or county college with 25 years of service. In fiscal year 2001, the State paid \$34.5 million toward Chapter 126 benefits for 6,917 eligible retired members.

NOTE 9 CONTINGENT LIABILITIES

The District is a party defendant in some lawsuits, none of a kind unusual for a school district of its size and scope of operation. In the opinion of the Board's Attorney the potential claims against the District not covered by insurance policies would not materially affect the financial condition of the District.

NOTE 10 CLAIMS AND JUDGEMENTS

The Board participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the Board may be required to reimburse the grantor government. As of June 30, 2002, significant amounts of grant expenditures have not been audited by the various grantor agencies but the Board believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual governmental funds or the overall financial position of the District.

NOTE 11 INSURANCE/RISK MANAGEMENT

The District is exposed to various risks of loss related to general liability, automobile coverage, damage and destruction of assets; errors and omissions; injuries to employees; termination of employees and natural disasters. The Board has obtained insurance coverage to guard against these events to minimize the exposure to the District should they occur.

There has been no significant reduction in insurance coverage from the previous year nor have there been any settlements in excess of insurance coverages in any of the prior three years.

NOTES TO FINANCIAL STATEMENTS (Continued)

NOTE 11 INSURANCE/RISK MANAGEMENT (Continued)

The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's expendable trust fund for the current and previous two years:

<u>Fiscal Year</u>	<u>District Contributions</u>	<u>Employee Contributions</u>	<u>Amount Reimbursed</u>	<u>Ending Balance</u>
2001-2002	\$ -0-	\$ 133	\$15,944	\$60,184
2000-2001	-0-	2,825	9,796	75,054
1999-2000	-0-	-0-	14,995	79,358

NOTE 12 DEFERRED COMPENSATION

The Board offers its employees a choice of certain deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans permit participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. Since the Board does not have any property or rights to the plan assets and no fiduciary relationship exists between the Board and the deferred compensation plan, the plan assets are not included in the Board's financial statements as of June 30, 2002.

NOTE 13 OPERATING LEASE

The District leases office space for the administrative office under a lease agreement which will expire on December 31, 2002 with two (2) six month options through December 31, 2003. The Board has not exercised its option under the lease agreement as of the date of our report. The lease payments for the year ended June 30, 2002 were \$35,592. Future minimum lease payments for the next year are as follows:

<u>Fiscal Year Ended</u>	<u>Amount</u>
June 30, 2002	<u>\$19,842</u>
Total Future Minimum Lease Payments	<u>\$19,842</u>

NOTE 14 CAPITAL RESERVE ACCOUNT

A capital reserve account was established by the District on October 16, 2000. The accumulation of funds will be used for capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP) and updated annually in the Quality Assurance Annual Report (QAAR). Upon submission of the LRFP to the department, a district may deposit funds into the capital reserve at any time upon board resolution through the transfer of undesignated, unreserved general fund balance or of excess undesignated, unreserved general fund balance that is anticipated in the budget certified for taxes. Pursuant to N.J.A.C. 6:23A-5.1(d)7, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

During the fiscal year ended June 30, 2002, the District had actual interest earnings of \$25.

NOTE 15 CALCULATION OF EXCESS SURPLUS

In accordance with N.J.S.A. 18A:7F-7, the designation for Reserved Fund Balance – Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent year's budget. The excess fund balance at June 30, 2002 is \$76,186.

NOTE 16 DEFICIT FUND BALANCE

The District has an accumulated unreserved undesignated deficit of \$675,492 in the Capital Projects Fund as of June 30, 2002. This deficit is the result of the District utilizing temporary financing to fund expenditures for certain capital projects. As the Board permanently finances these appropriations, the District will realize as revenues the proceeds of the financing (see Note 17). In addition, the District was notified by the State Economic Development Authority of a grant award totaling \$2,913,301 under the Educational Facilities Construction and Financing Act of 2000. As the District incurs expenditures allowable under the grant, it will realize as revenue the State share of eligible costs associated with the grant award. This deficit does not indicate that the District is facing financial difficulties and is permitted practice under accounting principles generally accepted in the United States of America.

NOTE 17 SUBSEQUENT EVENTS

On July 9, 2002 the District issued \$10,940,000 of school bonds dated July 15, 2002 at interest rates of 4.20% to 4.75%. These bonds will mature in annual principal installments of \$60,000 to \$960,000 commencing July 15, 2004 through July 15, 2022.

The proceeds of the bonds will be used to finance the construction of additions to and the making of major renovations and improvements to the District schools including furnishings and equipment.

GENERAL FUND

The General Fund is the general operating fund of the District. Resources which are not legally or by accounting principles generally accepted in the United States of America to be accounted for in other funds are accounted for in the General Fund.

TRUST AND AGENCY FUNDS

The Trust and Agency Funds account for assets held by the government in a trustee capacity. Agency funds are used to account for assets held by the government as an agent for individual, private organizations, other governments and/or other funds.

Expendable Trust Fund – This Fund is established to account for the assets and resources which are also held by the Board as a trustee or agent for individuals, private organizations, other governments and/or other funds. These funds include donations for scholarships; both principal and revenues generated may be expended for purposes designated by the donors and unemployment compensation insurance contributions and claims.

Agency Fund – This Fund is established to account for assets held by the Board as a trustee or agent for individuals, private organizations, other governments and/or other funds. Agency Funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations. The fund assets are held for the purpose of Payroll related and Student Activities programs.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF GENERAL PURPOSE FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable President and Members
of the Board of Trustees
Florham Park Board of Education
Florham Park, New Jersey

We have audited the general purpose financial statements of the Florham Park Board of Education as of and for the year ended June 30, 2002, and have issued our report thereon dated July 25, 2002. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

Compliance

As part of obtaining reasonable assurance about whether the Florham Park Board of Education's general purpose financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance that is required to be reported under Government Auditing Standards and audit requirements as prescribed by Division of Finance, Department of Education, State of New Jersey which is described in the accompanying schedule of findings and questioned costs as item 2002-1. We also noted a certain immaterial instance of noncompliance that we have reported to management of the Florham Park Board of Education in a separate "Auditors' Management Report on Administrative Findings – Financial Compliance and Performance" dated July 25, 2002.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Florham Park Board of Education's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the general purpose financial statements and not to provide assurance on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgement, could adversely affect Florham Park Board of Education's ability to record, process, summarize and report financial data consistent with the assertions of management in the general purpose financial statements. A reportable condition is described in the accompanying schedule of findings and questioned costs as item 2002-1.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, the reportable condition identified above is considered to be a material weakness.

This report is intended solely for the information and use of the Board of Trustees, management, the New Jersey State Department of Education and other state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 AND NEW JERSEY OMB CIRCULAR 98-07

Honorable President and Members
of the Board of Trustees
Florham Park Board of Education
Florham Park, New Jersey

Compliance

We have audited the compliance of the Florham Park Board of Education with the types of compliance requirements described in the "U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement" and the New Jersey Compliance Manual "State Grant Compliance Supplement" that are applicable to each of its major state programs for the year ended June 30, 2002. The Florham Park Board of Education's major state programs are identified in the "Summary of Auditor's Results Section" of the accompanying schedule of findings and questioned costs. Compliance with the requirement of laws, regulations, contracts and grants applicable to each of its major state programs is the responsibility of the Florham Park Board of Education's management. Our responsibility is to express an opinion on the Florham Park Board of Education's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey; OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations" and New Jersey OMB Circular 98-07, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid". Those standards and circulars require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the Florham Park Board of Education's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Florham Park Board of Education's compliance with those requirements.

In our opinion, the Florham Park Board of Education complied, in all material respects, with the requirements referred to above that are applicable to each of its major state programs for the year ended June 30, 2002.

Internal Control Over Compliance

The management of Florham Park Board of Education is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to state programs. In planning and performing our audit, we considered Florham Park Board of Education's internal control over compliance with requirements that could have a direct and material effect on a major state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133 and New Jersey OMB Circular 98-07.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal or state program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the Board of Trustees, management, the New Jersey State Department of Education and other state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**NOTES TO THE SCHEDULES OF FEDERAL AWARDS AND
STATE FINANCIAL ASSISTANCE**

**FLORHAM PARK BOARD OF EDUCATION
NOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS AND
STATE FINANCIAL ASSISTANCE
FOR THE FISCAL YEAR ENDED JUNE 30, 2002**

NOTE 1 GENERAL

The accompanying schedules present the activity of all federal and state financial assistance programs of the Florham Park Board of Education. The Board of Education is defined in Note 1(A) to the Board's general purpose financial statements. All federal financial assistance received directly from federal agencies, as well as federal financial assistance passed through other government agencies is included on the schedule of federal financial assistance.

NOTE 2 BASIS OF ACCOUNTING

The accompanying schedules are presented using the modified accrual basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting and those recorded in the special revenue fund, which are presented using the budgetary basis of accounting. These bases of accounting are described in Notes 1(C) to the Board's general purpose financial statements.

NOTE 3 RELATIONSHIP TO GENERAL PURPOSE FINANCIAL STATEMENTS

Amounts reported in the accompanying schedules agree with amounts reported in the Board's general purpose financial statements. The general purpose financial statements present the special revenue fund on both a GAAP basis and a budgetary basis. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$647. See Note 1(D) for a reconciliation of the budgetary basis to the GAAP basis of accounting for the special revenue fund. Financial assistance revenues are reported in the Board's general purpose financial statements on a GAAP basis as follows:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund		\$1,039,429	\$1,039,429
Special Revenue Fund	\$156,029	133,635	289,664
Enterprise Fund	<u>4,939</u>	<u> </u>	<u>4,939</u>
Total Financial Assistance	<u>\$160,968</u>	<u>\$1,173,064</u>	<u>\$1,334,032</u>

NOTE 4 RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules may not necessarily agree with the amounts reported in the related federal and state financial reports due to timing differences between the District's fiscal year and grant program years.

NOTE 5 OTHER

TPAF Social Security contributions represent the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2002.

Part 2 - Schedule of Financial Statement Findings

This section identifies the reportable conditions, material weaknesses, and instances of noncompliance related to the general-purpose financial statements that are required to be reported in accordance with Chapter 5.18 of *Government Auditing Standards*.

Finding 2002-1

Numerous unrecorded additions were noted in the general fixed assets account group at June 30, 2002.

Criteria or specific requirement:

Generally accepted accounting principles and the State Department of Education's prescribed GAAP Technical Systems Manual, pursuant to N.J.S.A.18A:4-14 and N.J.A.C. 6:20-2A.

Condition:

Certain fixed asset additions were not included in the District's fixed asset accounting system

Questioned Costs:

None. The financial statements have been adjusted to reflect the unrecorded additions noted during our audit.

Context:

Fixed Assets totalling \$108,783 were not recorded on the district's fixed assets records at June 30, 2002.

Effect:

The district's fixed assets accounting and reporting systems' internal control procedures could lead to unrecorded fixed assets.

Recommendation:

The District's internal control procedures for Fixed Asset Accounting and Reporting be reviewed and revised to ensure all fixed assets have been recorded in the district's records.
