Members of the Board of Education
Florham Park Public Schools
67 Ridgedale Ave.
Florham Park, NJ 07932

Dear Board Members:

The comprehensive annual financial report of the Florham Park Public Schools for the fiscal year ended June 30, 2006 is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the District. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and the respective changes in financial position of the basic financial statements. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

Governmental Accounting Standards Board (GASB) requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. Public School's MD&A can be found immediately following the "Independent Auditor's Report".

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The financial section includes the independent auditor's report, management's discussion and analysis (MD&A) and the basic financial statements including the district-wide financial statements presented in conformity with Governmental Accounting Standards Board Statement No.34. The basic financial statements also include individual financial statements; notes to the financial statements and required supplemental information (RSI). The statistical section includes selected financial and demographic information generally presented on a multi-year basis.

The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act Amendments of 2003 and the U.S. Office of Management and Budget Circular A-133. "Audits of States, Local Governments and Non-Profit Organizations", and the State Treasury Circular OMB 04-04. Information related to this single audit, including the auditors' report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

1. REPORTING ENTITY AND ITS SERVICES

The District provides a full range of educational services appropriate to grade levels K through 8. These include regular and special education for handicapped youngsters. The District completed FY 2005/2006 with an enrollment of 991. The following Average Daily Enrollment figures details the changes in student enrollment over the last ten (10) years:

<u>Fiscal Year</u>	<u>Average Daily Enrollment</u>	<u>Percent Change</u>
2005/06	991	2.7%
2004/05	965	3.6%
2003/04	931	0.0%
2002/03	928	10.7%
2001/02	838	8.3%
2000/01	779	4.0%
1999/00	749	0.3%
1998/99	747	2.2%
1997/98	731	4.1%
1996/97	702	1.7%

2. ECONOMIC CONDITION AND OUTLOOK

Compared to other Districts, Florham Park remains financially healthy. The District is currently carrying a 1.4% unreserved / undesignated budgetary basis fund balance of the net budget to provide emergency funding for the lack of State Aid, to fund emergency projects, and to provide necessary reserves for future contingencies.

3. MAJOR INITIATIVES

The District continues to meet its major challenges, vis-à-vis, a series of ambitious curriculum reviews based on the Long Range Curriculum Plan, which must be completed to maintain educational integrity. The curriculum reviews are in the areas of environmental education, mathematics, health education, technology, social studies, and science. The district has also explored new programs offering such as a “health quest” physical education lab and Project Adventure for the middle school students.

In order to maintain dialogue with the staff, in service training in the curriculum areas are offered to committee members. The district also continues to offer technology staff training during the school day, as well as after-school hours. The Quality Annual Assurance Report addresses this area.

In addition to technology, in-service training has focused on reading, language and mathematics instruction to address the NJASK and GEPA requirements. District in-service has focused on a diversified curriculum meeting the needs of each child.

4. INTERNAL ACCOUNTING CONTROLS

As a recipient of Federal and State financial assistance, the District is also responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and

regulations related to those programs. This internal control structure is subject to periodic evaluation by District management and the auditor.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to Federal and State financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5. BUDGETARY CONTROLS

In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund and the special revenue fund. The final budget amount as amended for FY 2005/2006 is reflected in the budgetary comparison schedules of the required supplementary information.

An encumbrance accounting system is used to record outstanding purchase commitments on a line-item basis. Open encumbrances at year-end are either canceled or are included as re-appropriation of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reservations of fund balance at June 30, 2006.

6. ACCOUNTING SYSTEM AND REPORTS

The District's accounting records reflect generally accepted accounting principles (GAAP), as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds. These funds are explained in "Notes to the Financial Statements," Note #1.

7. DEBT ADMINISTRATION

At June 30, 2006 the District had \$12,460,000 in General Obligation Bonds outstanding. The proceeds of these bonds were used to provide funds for capital improvements to the District's buildings and grounds. These improvements include additions and various renovations in all three (3)-school buildings.

8. CASH MANAGEMENT

The investment policy of the District is guided in large part by State statute as detailed in "Notes to Financial Statements", Note #3. The District has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). "GUDPA" was enacted in 1970 to protect governmental units from loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

9. RISK MANAGEMENT

The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.

10. OTHER INFORMATION

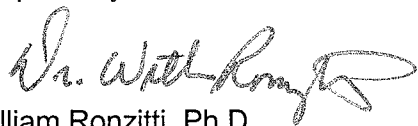

Independent Audit – State statute requires an annual audit by independent certified public accountants or registered municipal accounts. The Board’s Finance Committee selected the accounting firm of Lerch Vinci & Higgins, LLP, CPA’s. In addition to meeting the requirements as set forth in State statutes, the audit also was designed to meet the requirements of the Single Audit Act of 1984, as amended in 1996, and the related OMB Circular A-133 and State Treasury Circular Letter 04-04.

The Auditor’s report on the basic financial statements is included in the financial section of this report. The auditor’s reports related specifically to the single audit are included in the single audit section of this report.

11. ACKNOWLEDGEMENTS

We would like to express our appreciation to the members of the Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the District, as well as contributing their full support to the development and maintenance of our financial operations. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted,

INDEPENDENT AUDITORS' REPORT

Honorable President and Members
of the Board of Trustees
Florham Park Board of Education
Florham Park, New Jersey

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Florham Park Board of Education, as of and for the fiscal year ended June 30, 2006, which collectively comprise the Board of Education's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Board of Education's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in the Government Auditing Standards, issued by the Comptroller General of the United States and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Florham Park Board of Education's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Florham Park Board of Education as of June 30, 2006, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated July 28, 2006 on our consideration of the Florham Park Board of Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Governmental Auditing Standards and should be considered in assessing the results of our audit.

The management's discussion and analysis and budgetary comparison are not a required part of the basic financial statements but are supplementary information required by the accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Florham Park Board of Education's basic financial statements. The accompanying introductory section, combining and individual nonmajor fund financial statements, financial schedules and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. Additionally, the accompanying schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations" and New Jersey OMB's Circular 04-04, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid", and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements and schedules of expenditures of federal awards and state financial assistance have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section, financial schedules and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

MANAGEMENT'S DISCUSSION AND ANALYSIS

FLORHAM PARK BOARD OF EDUCATION

Management's Discussion and Analysis Year Ended June 30, 2006

This section of Florham Park Board of Education's annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2006. Please read it in conjunction with the transmittal letter at the front of this report and the District's financial statements, which immediately follow this section.

FINANCIAL HIGHLIGHTS

Key financial highlights for the 2005-2006 fiscal year include the following:

- The assets of the Florham Park Board of Education exceeded its liabilities at the close of the fiscal year by \$6,592,557. (Net Assets)
- The District's total net assets decreased by \$159,772.
- Overall District revenues were \$15,903,070. General revenues accounted for \$13,552,441 or 85% of all revenues. Program specific revenues in the form of charges for services and grants and contributions accounted for \$2,350,629 or 15% of total revenues.
- The school district had \$15,872,191 in expenses for governmental activities; only \$2,335,390 of these expenses were offset by program specific charges, grants or contributions. General revenues (predominantly property taxes) of \$13,552,441 were adequate to provide for these programs.
- As of the close of the current fiscal year, the District's governmental funds reported a combined ending fund balance of \$448,220. Of this amount, \$67,599 (15%) is available for spending at the District's discretion (unreserved/undesignated fund balance – General Fund).
- The General Fund fund balance at June 30, 2006 was \$441,299, an increase of \$56,118 compared to the ending fund balance at June 30, 2005 of \$385,181.
- The General Fund unreserved/undesignated budgetary fund balance at June 30, 2006 was \$187,530, which represents a decrease of \$94,478 compared to the ending fund balance at June 30, 2005 of \$282,008.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial section of the annual report consists of four parts – Independent Auditor's Report, required supplementary information which includes the management's discussion and analysis (this section), the basic financial statements, and supplemental information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are *district wide financial statements* that provide both *short-term* and *long-term* information about the District's *overall* financial status.
- The remaining statements are *fund financial statements* that focus on *individual* parts of the District, reporting the District's operations in *more detail* than the district-wide statements.
- The *governmental funds statements* tell how basic services were financed in the *short term* as well as what remains for future spending.
- *Proprietary funds* statements offer *short-term* and *long-term* financial information about the activities the district operated like *businesses*.
- *Fiduciary funds* statements provide information about the financial relationships in which the District acts solely as a *trustee* or *agent* for the benefit of others to whom the resources belong.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. Figure A-1 shows how the various parts of this Annual Report are arranged and related to one another.

Management’s Discussion and Analysis
Year Ended June 30, 2006

Figure A-2 summarizes the major features of the District’s financial statements, including the portion of the District’s activities they cover and the types of information they contain. The remainder of this overview section of management’s discussion and analysis highlights the structure and contents of each of the statements.

Figure A-2

Major Features of the District-Wide and Fund Financial Statements

	District-Wide Statements	Fund Financial Statements		
		Governmental Funds	Proprietary Funds	Fiduciary Funds
Scope	Entire district(except fiduciary funds)	The activities of the district that are not proprietary or fiduciary, such as instruction, building maintenance, transportation, and administration.	Activities the district operates similar to private businesses: Enterprise Funds	Instances in which the district administers resources on behalf of someone else, such as unemployment, scholarships, student activities and payroll activities.

Type of asset/liability Information	All assets and liabilities, both financial and capital, short-term and long-term	Generally assets expected to be used up and liabilities that come due during the year or soon there after; no capital assets or long-term liabilities included	All assets and liabilities, both financial and capital, and short-term and long-term	All assets and liabilities, both short-term and long funds do not currently contain capital assets, although they can
Type of inflow/outflow Information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due and payable.	All revenues and expenses during the year, regardless of when cash is received or paid.	All additions and dedications during the year, regardless of when cash is received or paid.

District-wide Statements

The district-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes *all* of the District’s assets and liabilities. All of the current year’s revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two district-wide statements report the District’s *net assets* and how they have changed. Net assets – the difference between the District’s assets and liabilities – is one way to measure the District’s financial health or *position*

FLORHAM PARK BOARD OF EDUCATION

Management's Discussion and Analysis Year Ended June 30, 2006

- Over time, increases or decreases in the District's net assets are an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the overall health of the District you need to consider additional non-financial factors such as changes in the District's property tax base and the condition of school buildings and other facilities.

In the district-wide financial statements the District's activities are shown in one category:

- *Governmental activities* – Most of the District's basic services are included here, such as regular and special education, transportation, administration, and plant operation and maintenance. Property taxes and Federal and State aid finance most of these activities.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's *funds* – focusing on its most significant or “major” funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by State law and bond covenants.
- The District establishes other funds to control and manage money for particular purposes or to show that it is properly using certain revenues (federal and state grants).

The District has three kinds of funds:

- *Governmental funds* – Most of the District's basic services are included in governmental funds, which generally focus on (1) how *cash and other financial assets* that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed *short-term* view that helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the district-wide statements, we provide additional information at the bottom of the governmental funds statements that explains the relationship (or differences) between them.
- *Proprietary funds* – Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the district-wide statements.
 - *Enterprise Funds* – This fund is established to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that costs of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges. The District currently has two enterprise funds, for its food service (cafeteria) program and the educational enrichment program.

Fund Financial Statements (Continued)

• *Fiduciary funds* – The District is the trustee, or *fiduciary*, for assets that belong to others. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. All of the District's fiduciary activities are reported in a separate statement of fiduciary net assets and a statement of changes in fiduciary net assets. We exclude these activities from the district-wide financial statements because the District cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Net Assets. The District's *combined* net assets were \$6,592,557 on June 30, 2006 as follows:

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

The financial performance of the District as a whole is reflected in its governmental funds as well. As the District completed the year, its governmental funds reported a *combined* fund balance of \$448,220, a decrease from last year's fund balance of \$474,983. This decrease was attributable to the utilization of general fund balance to finance the District's budget appropriations during the school year.

Revenues for the District's governmental funds were \$15,887,831, while total expenses were \$16,116,631. In addition, the District had other financing sources of \$202,037.

GENERAL FUND

The General fund includes the primary operations of the District in providing educational services to students from Kindergarten through Grade 8.

GENERAL FUND (Continued)

In 2005-2006 General Fund revenues and other financing sources were greater than expenditures and other financing uses by \$56,118. Therefore, total fund balance increased to \$441,299 at June 30, 2006. However, after deducting statutory reserves and designations, the unreserved undesignated fund balance decreased from \$120,875 at June 30, 2005 to \$67,599 at June 30, 2006. This decrease can be attributable to the District appropriating additional unrestricted/undesignated fund balance during the year to fund unbudgeted operating costs and capital outlay projects.

CAPITAL ASSET AND DEBT ADMINISTRATION

At the end of fiscal year 2006, the District had \$19,559,883 invested in land, buildings, furniture, equipment and vehicles. The following is a comparison of the June 30, 2006 and 2005 balances:

Management's Discussion and Analysis Year Ended June 30, 2006

General Fund Budgetary Highlights

Over the course of the year, the District revised the annual operating budget several times. These budget amendments fall into two categories:

- Implementing budgets for specially funded projects, which include both federal and state grants, reinstating prior year purchase orders being carried over, and budgeting for gifts and donations.
- Increases in appropriations for significant unbudgeted costs.

Revisions in the budget were made through budget transfers and to appropriate additional fund balance to prevent over expenditures in specific line item accounts. There were certain revisions to the budget during the year other than the reappropriation of prior year encumbrances. Several of these revisions bear notation:

- Appropriation of unreserved/undesignated fund balance totaling \$106,514 for the acquisition and installation of playground equipment at the elementary schools.
- Appropriation of unreserved/undesignated fund balance totaling \$20,106 for contractual maintenance services.
- Appropriation of unreserved/undesignated fund balance totaling \$24,857 for emergency bus repairs and other contractual transportation costs.
- Appropriation of unreserved/undesignated fund balance totaling \$10,000 for the emergency purchase and installation of a fire alarm panel.

General Fund budgetary revenues exceeded budgetary expenditures increasing budgetary fund balance \$14,915 over the previous year. However, after deducting statutory reserves and designations, the unreserved/undesignated budgetary fund balance decreased \$94,478, from \$282,008 at June 30, 2005 to \$187,530 at June 30, 2006.

FACTORS BEARING ON THE DISTRICT'S FUTURE

While many factors influence the district's future, the availability of funding for increased enrollment, special education needs and the economy will have the most impact on educational and fiscal decisions in the future.

Many factors were considered by the District's administration during the process of developing the fiscal year 2006-2007 budget. The primary factors were the District's projected student population, anticipated state and federal aid as well as increasing salary and related benefit costs.

These indicators were considered when adopting the budget for fiscal year 2006-2007. Budgeted expenditures in the General Fund increased five percent to \$14,062,667 in fiscal year 2006-2007. Increases in contractual payroll, employee benefits and tuition are the primary reasons for the increase.

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF
REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES
WITH THE DISTRICT-WIDE STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2006**

Total net change in fund balances - governmental funds (Exhibit B-2) \$ (26,763)

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement and allocated over their estimated useful lives as annual depreciation expense. This is the amount by which depreciation exceeds capital outlays in the current period.

Capital Outlay	\$ 502,537	
Depreciation Expense	<u>(789,093)</u>	
		(286,556)

In the statement of activities, certain operating expenses - compensated absences are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (paid):

Compensated Absences		(17,781)
----------------------	--	----------

Repayment of long-term debt principal is an expenditure in the governmental funds, but it reduces long-term liabilities in the statement of net assets and does not affect the statement of activities.

Serial Bonds	460,000	
Capital Leases	<u>81,947</u>	
		541,947

The issuance of long-term debt provides current financial resources to governmental funds, but it increases long-term liabilities in the statement of net assets and does not affect the statement of activities.

Capital Lease Proceeds		(181,986)
------------------------	--	-----------

Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due.

Increase in Accrued Interest		(13,221)
------------------------------	--	----------

The statement of activities report losses arising from the disposal of existing capital assets. Conversely, governmental funds do not report any loss on disposal of capital assets.

NOTES TO THE BASIC FINANCIAL STATEMENTS

**FLORHAM PARK BOARD OF EDUCATION
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2006**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Florham Park Board of Education (the "Board" or the "District") is an instrumentality of the State of New Jersey, established to function as an education institution. The Board consists of seven elected officials and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District. Under existing statutes, the Board's duties and powers include, but are not limited to, the development and adoption of a school program; the establishment, organization and operation of schools; and the acquisition, maintenance and disposition of school property.

The Board also has broad financial responsibilities, including the approval of the annual budget and the establishment of a system of accounting and budgetary controls.

The reporting entity is composed of the primary government, component units, and other organizations that are included to ensure that the financial statements of the District are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District. For the Florham Park Board of Education this includes general operations, food service, and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt or the levying of taxes. Based on the foregoing criteria, the District has no component units. Furthermore, the District is not includable in any other reporting entity as a component unit.

B. District-Wide and Fund Financial Statements

The district-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the Board of Education. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or other governmental entities, including other school districts, who purchase, use, or directly benefit from goods or services provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Property taxes, unrestricted state aid and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the district-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. The District considers all of its governmental funds to be major funds.

**FLORHAM PARK BOARD OF EDUCATION
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2006**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The district-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund and fiduciary fund financial statements with the exception of the agency fund which does not have a measurement focus. All assets and all liabilities associated with these operations (with the exception of the fiduciary funds) are included on the Statement of Net Assets. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized when susceptible to accrual (i.e. when they are both measurable and available). Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Board considers revenues to be available if they are collected within 60 days after year-end. Expenditures are recorded when a liability is incurred, as under accrual basis of accounting, with the exception of debt service expenditures as well as expenditures related to compensated absences and claims and judgments which are recorded only when payment is due.

Property taxes, tuition, unrestricted state aid, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Grants and similar awards are recognized as revenue as soon as all eligibility requirements imposed by the grantor or provider have been met. All other revenue items are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

The *general fund* is the School District's primary operating fund. It accounts for all financial resources of the District, except those required to be accounted for in another fund.

The *special revenue fund* accounts for the proceeds of revenue sources legally restricted to expenditures for specified purposes. This fund accounts for federal and state financial programs, with the exception of grants for major capital projects and the school milk program.

The *capital projects fund* accounts for the proceeds from the sale of bonds and other revenues used for the acquisition or construction of major capital facilities.

The *debt service fund* accounts for the accumulation of resources for and the payment of principal and interest on long-term general obligation debt of governmental funds.

The District reports the following non-major proprietary funds which are organized to be self-supporting through user charges:

The *food service fund* accounts for the activities of the school cafeteria, which provides milk to students.

The *enrichment fund* accounts for activities of the enrichment program, which provides educational enrichment activities to District students.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2006**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

Additionally, the government reports the following fund types:

The *fiduciary trust fund* is used to account for resources legally held in trust for the state unemployment insurance claims, for private donations for scholarship awards, for payroll related activities and for student related activities which are supported and controlled by student organizations and clubs. All resources of the fund, including any earnings on invested resources, may be used to support the intended purpose. There is no requirement that any portion of these resources be preserved as capital.

Private-sector standards of accounting and financial reporting issued by the Financial Accounting Standards Board (FASB) prior to December 1, 1989, generally are followed in both the district-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board (GASB). Governments also have the *option* of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The Board has elected not to follow FASB guidance issued subsequent to December 1, 1989.

As a general rule the effect of interfund activity has been eliminated from the district-wide financial statements. Exceptions to this general rule are charges between the Board's proprietary and fiduciary funds since elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* in the district-wide statement of activities include 1) charges to customers or applicants for goods or services, provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all property taxes, unrestricted state aid, investment earnings and miscellaneous revenues.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the food service enterprise fund is charges to customers for sales and services. Operating expenses for enterprise fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. Federal subsidies for the food service operation are considered nonoperating revenues.

D. Assets, Liabilities and Net Assets or Equity

Deposits and Investments

Cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments are reported at fair value and are limited by N.J.S.A. 18A:20-37.

Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds". Any residual balances outstanding between the governmental activities and business-type activities are reported in the district-wide financial statements as "internal balances".

All receivables are reported at their gross value, and where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

FOR THE FISCAL YEAR ENDED JUNE 30, 2006**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities and Net Assets or Equity (Continued)

Receivables and Payables (Continued)

Tuition Expenditures - Tuition charges for the fiscal years 2004-2005 and 2005-2006 were based on rates established by the receiving district. These rates are subject to change when the actual costs have been certified by the State Department of Education.

Property taxes are levied pursuant to law and are collected by the municipality and are transferred to the District as requested. Property tax revenue is recognized in the year they are levied and become available. Property taxes collected in advance of the year-end for which they are levied and transferred to the District are reported as deferred revenues. The tax bills are mailed annually in June by the municipal tax collector and are levied and due in four quarterly installments on August 1, November 1, February 1 and May 1 of the fiscal year. When unpaid, taxes or any other municipal lien, or part thereof, on real property, remains in arrears on April 1st in the year following the calendar year levy when the same became in arrears, the tax collector of the municipality shall, subject to the provisions of New Jersey Statute, enforce the lien by placing the property on a tax sale. The Borough may institute annual "in rem" tax foreclosure proceedings to enforce the tax collection or acquisition of title to the property.

Inventories

The cost of inventories of the governmental fund types are recorded as expenditures at the time individual inventory items are purchased.

Restricted Assets

Certain assets are classified as restricted on the balance sheet because they are maintained in separate bank accounts and/or their use is limited by state regulations for capital projects.

Capital Assets

Capital assets, which include property, plant and equipment, are reported in the applicable governmental or business-type activities columns in the district-wide financial statements. Capital assets are defined by the Board as assets with an initial, individual cost of \$2,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost if purchased or estimated historical cost if constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE FISCAL YEAR ENDED JUNE 30, 2006**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities and Net Assets or Equity (Continued)

Capital Assets (Continued)

Property, plant, and equipment of the primary government is depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Land Improvements	10-30
Buildings	40
Building Improvements	20
Machinery and Equipment	5-20

Compensated Absences

It is the District's policy to permit employees to accumulate earned but unused personal and sick leave benefits. A long-term liability of accumulated personal and sick leave and salary related payments has been recorded in the governmental activities in the district-wide financial statements, representing the Board's commitment to fund such costs from future operations. Proprietary Funds accrue accumulated personal and sick leave and salary related payments in the period that they are earned. A liability is reported in the governmental funds only to the amount actually due at year end as a result of employee resignations and retirements.

Long-term Obligations

In the district-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets.

Fund Equity

Reservations of fund balances of governmental funds are created to either (1) satisfy legal covenants that require a portion of the fund balance to be segregated or (2) identify the portion of the fund balance that is appropriated for future expenditures.

Reserved for Encumbrances - This reserve was created to represent encumbrances outstanding at the end of the year based on purchase orders and contracts awarded for which the goods or services have not yet been received at June 30.

Reserved for Capital Reserve Account - This reserve was created by budget appropriation to fund future capital expenditures (See Note 2)

Designations of fund balance represent tentative management plans that are subject to change.

Designated for Subsequent Year's Expenditures - This designation was created to dedicate the portion of fund balance appropriated in the adopted 2006/07 District budget certified for taxes.

Reclassifications

Certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Information

In accordance with the requirements of the New Jersey Department of Education, ("the Department") the District annually prepares its operating budget for the forthcoming year. The budget, except for the general fund and special revenue fund, which is more fully explained in the required supplementary information, is prepared in accordance with accounting principles generally accepted in the United States of America and serves as a formal plan for expenditures and the proposed means for financing them. Capital lease transactions are accounted for on the GAAP basis.

The annual budget is adopted in the spring of the preceding year for the general, special revenue and debt service funds. The District is not required to adopt an annual budget for the Capital Projects Fund. The budget is submitted to the county superintendent and is voted upon at the annual school election on the third Tuesday in April. Budget adoptions and amendments are recorded in the District's board minutes. The budget is amended by the Board of Trustees as needed throughout the year. The budget for revenues, other resources, other uses, and fund balances is prepared by fund source and amount. The budget for expenditures is prepared by fund, program, function, object and amount. The legal level of budgetary control is established at the line item account within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. The Board approved several budget transfers during 2005/2006. During 2005/2006 the Board increased the original budget by \$346,256. The increase was funded by additional surplus appropriated, grant awards, and the reappropriation of prior year general fund encumbrances. During the fiscal year, authorized and approved fund balance appropriations of \$131,477, \$20,000 and \$10,000 of General Fund surplus were made on February 13, 2006, May 3, 2006 and June 30, 2006, respectively.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America, with the exception of the legally mandated revenue recognition of certain state aid payments for budgetary purposes only and the treatment of encumbrances in the special revenue fund as described in the Notes to Required Supplementary Information (RSI). Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

Encumbrance accounting is employed in the governmental funds. Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services which are reappropriated and honored during the subsequent fiscal year.

 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE FISCAL YEAR ENDED JUNE 30, 2006**

NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

Excess Expenditures Over Appropriations

The following is a summary of expenditures in excess of available appropriations. The overexpended appropriations resulted in unfavorable variances.

	<u>Modified Budget</u>	<u>Actual</u>	<u>Unfavorable Variance</u>
General Fund			
Other Support Services--Students--Special Education			
Other Purchased Prof. and Tech. Services	\$12,402	\$ 26,777	\$14,375
Facilities Acquisition and Construction Services			
Other Purchased Prof. and Tech. Services	8,950	17,590	8,640
Construction Services	97,564	112,564	15,000

The above variances were offset with other available resources.

Deficit Fund Equity

The District has an accumulated net asset deficit of \$5,206 in the Enrichment Program Enterprise Fund. The District expects to eliminate this deficit through normal operations in 2006/2007 or by General Fund budget appropriation.

Capital Reserve Account

A capital reserve account was established on October 16, 2000. The accumulation of funds will be used for capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP) and updated annually in the Quality Assurance Annual Report (QAAR). Upon submission of the LRFP to the Department, a district may increase the balance in capital reserve at any time by appropriating funds in the annual general fund budget certified for taxes. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Post-April 2004 transfers must be in compliance with P.L. 2004, C.73 (S1701). Pursuant to N.J.A.C. 6:23A-5.1(d)7, the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the fiscal year ended June 30, 2006 is as follows:

Beginning balance	\$ 14,537
Interest earnings	295
Deposits	
Approved in District Budget by Voters	<u>187,315</u>
Ending balance	<u>\$ 202,147</u>

The June 30, 2006 LRFP balance of local support costs of uncompleted capital projects at June 30, 2006 is \$12,500,000. The withdrawals from the capital reserve were for use in a DOE approved facilities project, consistent with the district's Long Range Facilities Plan.

Transfers to Capital Outlay

During the year ending June 30, 2006, the district transferred \$120,904 to the capital outlay accounts. The transfers were made from unreserved, undesignated General Fund balance, and available unexpended budget appropriations in the General Fund. The required approvals from the County Superintendent of Schools were not sought for certain transfers made to Facilities Acquisition and Construction Services budget line items.

Deposits and Investments

Deposits

The Board's deposits are insured through either the Federal Deposit Insurance Corporation (FDIC) or New Jersey's Governmental Unit Deposit Protection Act. The New Jersey Governmental Unit Deposit Protection Act requires all banks doing business in the State of New Jersey to maintain additional collateral in the amount of 5% of the average public deposits and to deposit these amounts with the Federal Reserve Bank for all deposits not covered by the FDIC.

Bank balances are insured up to \$100,000 in the aggregate by the FDIC for each bank. At June 30, 2006, the book value of the Board's deposits was \$2,519,802 and bank balances of the Board's cash and deposits amounted to \$2,911,634. Of the bank balances \$100,000 was covered by FDIC, \$2,589,202 was covered by the New Jersey Governmental Unit Deposit Protection Act, and \$222,432 are uninsured with the New Jersey Cash Management Fund. The Board's deposits which are displayed on the balance sheet and statements of net assets as "cash and cash equivalents" are categorized as:

<u>Depository Account</u>	<u>Bank Balance</u>
Insured	\$2,689,202
Uninsured and Collateralized	<u>222,432</u>
	<u>\$2,911,634</u>

Custodial Credit Risk – Deposits – Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Board does not have a policy for custodial credit risk. As of June 30, 2006, the Board's bank balance of \$222,432 was exposed to custodial credit risk as follows:

Uninsured and Collateralized:	
Collateral held by pledging financial institution's trust department, not in the Board's Name	<u>\$222,432</u>

Investments

The Board is permitted to invest public funds in accordance with the types of securities authorized by N.J.S.A. 18A:20-37. Examples of the allowable investments are bonds or other obligations of the United States or obligations guaranteed by the United States of America, Government Money Market Mutual Funds, bonds or other obligations of the school district or bonds or other obligations of the local unit or units within which the school district is located, Local Government investment pools, and agreements or the repurchase of fully collateralized securities, if transacted in accordance with the above statute.

As of June 30, 2006, the Board had no outstanding investments.

Interest Rate Risk – The Board does not have a formal investment policy that limits investment maturities as a means of managing it’s exposure to fair value losses arising from increasing interest rates.

Investment and interest earnings in the Capital Projects Fund are assigned to the General Fund in accordance with Board policy.

Receivables

Receivables as of year-end for the government’s individual major funds and nonmajor funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

NOTE 4 OTHER INFORMATION

A. Risk Management

The District is exposed to various risks of loss related to general liability, automobile coverage, theft of, damage to and destruction of assets; errors and omissions; injuries to employees; termination of employees and natural disasters. The Board has obtained insurance coverage to guard against these events to minimize the exposure to the District should they occur.

There has been no significant reduction in insurance coverage from the previous year nor have there been any settlements in excess of insurance coverage's in any of the prior three years.

The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's fiduciary fund for the current and previous two years:

<u>Fiscal Year</u>	<u>District Contributions</u>	<u>Employee Contributions</u>	<u>Amount Reimbursed</u>	<u>Ending Balance</u>

**FLORHAM PARK BOARD OF EDUCATION
NOTES TO THE BASIC FINANCIAL STATEMENTS (Continued)

NOTE 4 OTHER INFORMATION (Continued)

B. Contingent Liabilities

The District is a party defendant in some lawsuits, none of a kind unusual for a school district of its size and scope of operation. In the opinion of the Board's Attorney the potential claims against the District not covered by insurance policies would not materially affect the financial condition of the District.

The Board participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the Board may be required to reimburse the grantor government. As of June 30, 2006, significant amounts of grant expenditures have not been audited by the various grantor agencies but the Board believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual governmental funds or the overall financial position of the District.

C. Federal Arbitrage Regulations

The District is subject to Section 148 of the Internal Revenue Code as it pertains to the arbitrage rebate on all tax-exempt obligations, both long and short-term debt. Under the 1986 Tax Reform Act, the Internal Revenue Service (IRS) required that all excess earnings from investment proceeds be rebated to the IRS. Arbitrage, for purposes of these regulations, is defined as the difference between the yield on the investment and the yield on the obligations issued. If there are excess earnings, this amount may be required to be rebated to the IRS. At June 30, 2006, the District had no estimated arbitrage earnings due to the IRS.

D. Employee Retirement Systems and Pension Plans

The State of New Jersey sponsors and administers the following contributory defined benefit public employee retirement systems (retirement systems) covering substantially all eligible Board employees:

Public Employees' Retirement System (PERS) – Established in January 1955, under the provisions of N.J.S.A. 43:15A to provide coverage, including post-retirement health care, to substantially all full time employees of the State or any county, municipality, school district, or public agency provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees and vesting occurs after 8 to 10 years of service for pension benefits and 25 years for post-retirement health care coverage.

Teachers' Pension and Annuity Fund (TPAF) – Established in January 1955, under the provisions of N.J.S.A. 18A:66 to provide coverage including post-retirement health care to substantially all full time certified teachers or professional staff of the public school systems in the State. Membership is mandatory for such employees and vesting occurs after 10 years of service for pension benefits and 25 years for post-retirement health care coverage.

Other Pension Funds

The State established and administers a Supplemental Annuity Collective Trust Fund (SACT) which is available to active members of the State-administered retirement systems to purchase annuities to supplement the guaranteed benefits provided by their retirement system. The state or local government employers do not appropriate funds to SACT.

The cost of living increase for PERS and TPAF, are funded directly by each of the respective systems and are considered in the annual actuarial calculation of the required State contribution for the system.

NOTE 4 OTHER INFORMATION (Continued)

D. Employee Retirement Systems and Pension Plans (Continued)

Other Pension Funds (Continued)

According to state law, all obligations of each retirement system will be assumed by the State of New Jersey should any retirement system be terminated.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of each of the above systems, funds, and trust. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, P.O. Box 295, Trenton, New Jersey 08625-0295.

Basis of Accounting

The financial statements of the Funds are prepared on the accrual basis of accounting. Employer contributions are recognized when payable to the Funds. Benefits or refunds are recognized when due and payable in accordance with the terms of the Funds.

Investment Valuation

Investments are reported at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Mortgages are valued on the basis of future principal and interest payments, and are discounted at prevailing interest rates for similar instruments. The fair value of real estate investments is based on independent appraisals. Investments that do not have an established market are reported at estimated fair values.

The State of New Jersey, Department of the Treasury, Division of Investment, issues publicly available financial reports that include the financial statements of the State of New Jersey Cash Management Fund, Common Pension Fund A, Common Pension Fund B, and Common Pension Fund D. The financial reports may be obtained in writing to the State of New Jersey, Department of the Treasury, Division of Investment, P.O. Box 290, Trenton, New Jersey 08625-0290.

Significant Legislation

Chapter 108, P.L. 2003, effective July 1, 2003 provided that the State Treasurer shall reduce the normal and accrued liability contributions payable by employers other than the State, excluding the contribution payable from the benefit enhancement fund, to a percentage of the amount certified annually by the retirement system, which for PERS will be as follows: for payments due in the State fiscal year ending June 30, 2005, 20 percent; for payments due in the State fiscal year ending June 30, 2006, not more than 40 percent; for payments due in the State fiscal year ending June 30, 2007, not more than 60 percent; and for payments due in the State fiscal year ending June 30, 2008, not more than 80 percent.

Chapter 42, P.L. 2002 permitted local government units to issue refunding bonds to retire unfunded accrued liability resulting from early retirement benefits under PERS and TPAF, effective July 12, 2002.

NOTE 4 OTHER INFORMATION (Continued)

D. Employee Retirement Systems and Pension Plans

Contribution Requirements

The contribution policy is set by laws of the State of New Jersey and, in most retirement systems, contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. The pension funds provide for employee contributions based on 5.0% for PERS and 5.0% for TPAF of the employee's annual compensation, as defined. Employers are required to contribute at an actuarially determined rate in all Funds except the SACT. The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits in the PERS and TPAF. In the PERS and TPAF, the employer contribution includes funding for post-retirement medical premiums.

During the year ended June 30, 2006 for TPAF, which is a cost sharing plan with special funding situations, annual pension cost equals annual required contribution. For PERS, which is a cost sharing multi-employer defined benefit pension plan, the annual pension cost differs from the annual required contribution due to the enactment of Chapter 114, P.L. 1997. TPAF employer contributions are made annually by the State of New Jersey to the pension system on behalf of the Board. PERS employer contributions are made annually by the Board to the pension system in accordance with Chapter 114, P.L. 1997.

During the years ended June 30, 2006, 2005 and 2004 the Board was required to contribute for PERS and the State of New Jersey was required to contribute for TPAF for normal cost pension contributions or post-retirement medical benefits the following amounts:

Year Ended June 30,	<u>PERS</u>	On-behalf <u>TPAF</u>
2006	\$ 41,767	\$ 577,455
2005	7,269	475,666
2004	None	404,690

Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the Board \$472,578 during the year ended June 30, 2006 for the employer's share of social security contributions for TPAF members as calculated on their base salaries. This amount, along with the on-behalf TPAF pension contribution, has been included in the district-wide financial statements and the fund financial statements as a revenue and expenditure in accordance with GASB No. 24.

E. Post Retirement Benefits

Chapter 384 of Public Laws 1987 and Chapter 6 of Public Laws 1990 required Teachers' Pension and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS), respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. As of June 30, 2005, there were 67,930 retirees receiving post-retirement medical benefits. The cost of these benefits is funded through contributions by the State in accordance with Chapter 62, P.L. 1994. Funding of post-retirement medical premiums is on a pay-as-you-go basis beginning in fiscal year 1994 with an additional contribution beginning in fiscal year 1996 to maintain a medical reserve that increases by one half of one percent of the active State payroll.

The State made post-retirement (PRM) contributions of \$494.7 million for TPAF and \$190.8 million for PERS in fiscal year 2005.

NOTE 4 OTHER INFORMATION (Continued)

E. Post Retirement Benefits (Continued)

The State is also responsible for the cost attributable to Ch. 126, P.L. 1992, which provides for health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. The State paid \$88.7 million toward Chapter 126 benefits for 9,966 eligible retired members in fiscal year 2005.

F. Recent Accounting Pronouncements

In July 2004, the Governmental Accounting Standards Board (GASB) adopted statement number 45, "Accounting and Financial Reporting by Employers for Post Employment Benefits Other than Pensions". This statement will become effective for governmental entities on a phased in basis beginning with fiscal years beginning after December 15, 2006. The effective date of this statement for the Board is the fiscal year beginning July 1, 2009. This statement will require governmental entities to report the future cost of other post employment benefits (OPEB) on a present value basis instead of the present "pay as you go" method. The impact on the District's financial position or results of operations of this GASB Statement can not be readily determined at this time.

REQUIRED SUPPLEMENTARY INFORMATION
BUDGETARY COMPARISON SCHEDULE
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
FOR THE FISCAL YEAR ENDED JUNE 30, 2006**

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America, with the exception of the legally mandated revenue recognition of certain state aid payments for budgetary purposes only and the treatment of encumbrances in the special revenue fund as described below. Encumbrance accounting is also employed as an extension of formal budgetary integration of the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the Special Revenue Funds are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The following presents a reconciliation of the General and Special Revenue Funds from the budgetary basis of accounting as presented in the Budgetary Comparison Schedule - General Fund and Special Revenue Fund to the GAAP basis of accounting as presented in the Statement of Revenues, Expenditures and Changes in Fund Balance - Governmental Funds.

	<u>General Fund</u>	<u>Special Revenue Fund</u>

STATISTICAL SECTION

This part of the Florham Park Board of Education's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Contents

Exhibits

Financial Trends

These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.

J-1 to J-5

Revenue Capacity

These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.

J-6 to J-9

Debt Capacity

These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.

J-10 to J-13

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.

J-14 and J-15

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.

J-16 to J-20

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable President and Members
of the Board of Trustees
Florham Park Board of Education
Florham Park, New Jersey

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Florham Park Board of Education as of and for the fiscal year ended June 30, 2006, which collectively comprise the Florham Park Board of Education's basic financial statements and have issued our report thereon dated July 28, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Florham Park Board of Education's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Florham Park Board of Education's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and audit requirements as prescribed by Division of Finance, Department of Education, State of New Jersey.

However, we noted certain matters that we have reported to management of the Florham Park Board of Education in a separate report entitled, "Auditors' Management Report on Administrative Findings - Financial, Compliance and Performance" dated July 28, 2006.

This report is intended solely for the information and use of the Board of Trustees, management, the New Jersey State Department of Education and other state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 AND NEW JERSEY OMB CIRCULAR 04-04

Honorable President and Members
of the Board of Trustees
Florham Park Board of Education
Florham Park, New Jersey

Compliance

We have audited the compliance of the Florham Park Board of Education with the types of compliance requirements described in the "U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement" and the "New Jersey State Grant Compliance Supplement" that are applicable to each of its major state programs for the fiscal year ended June 30, 2006. Florham Park Board of Education's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirement of laws, regulations, contracts and grants applicable to each of its major state programs is the responsibility of the Florham Park Board of Education's management. Our responsibility is to express an opinion on Florham Park Board of Education's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; audit requirements as prescribed by the Division of Finance, Department of Education, State of New Jersey; OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations" and New Jersey OMB Circular 04-04, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid". Those standards and circulars require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about Florham Park Board of Education's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Florham Park Board of Education's compliance with those requirements.

In our opinion, Florham Park Board of Education complied, in all material respects, with the requirements referred to above that are applicable to each of its major state programs for the fiscal year ended June 30, 2006. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements that are required to be reported in accordance with OMB Circular A-133 and New Jersey OMB Circular 04-04 and which are described in the accompanying schedule of findings and questioned costs as items 2006-1 and 2006-2.

Internal Control Over Compliance

The management of Florham Park Board of Education is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to state programs. In planning and performing our audit, we considered Florham Park Board of Education's internal control over compliance with requirements that could have a direct and material effect on a major state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133 and New Jersey OMB Circular 04-04.

We noted certain matters involving the internal control over compliance and its operations that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over compliance that, in our judgement, could adversely affect Florham Park Board of Education's ability to administer a major state program in accordance with applicable requirements of laws, regulations, contracts and grants. Reportable conditions are described in the accompanying schedule of findings and questioned costs as items 2006-1 and 2006-2.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants caused by error or fraud that would be material in relation to a major state program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe none of the reportable conditions identified above are material weaknesses.

This report is intended solely for the information and use of the Board of Trustees, management, the New Jersey State Department of Education and other state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**FLORHAM PARK BOARD OF EDUCATION
NOTES TO THE SCHEDULES OF EXPENDITURES OF
FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE
FOR THE FISCAL YEAR ENDED JUNE 30, 2006**

NOTE 1 GENERAL

The accompanying schedules present the activity of all federal and state financial assistance programs of the Florham Park Board of Education. The Board of Education is defined in Note 1(A) to the Board's basic financial statements. All federal financial assistance received directly from federal agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

NOTE 2 BASIS OF ACCOUNTING

The accompanying schedules are presented using the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Notes 1(C) to the Board's basic financial statements.

NOTE 3 RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on a modified accrual basis with the exception of the revenue recognition of the deferred state aid payments in the current budget year, which is mandated pursuant to P.L. 2003 c.97.(A3521). For GAAP purposes, those payments are not recognized until the subsequent year due to the state deferral and recording of certain state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, which may include the deferred state aid payments, whereas the GAAP basis does not.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$41,203 for the general fund and \$5,938 for the special revenue fund. See *the Notes to Required Supplementary Information* for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as presented on the following page:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
