Members of the Board of Education
Florham Park Public Schools
67 Ridgedale Ave.
Florham Park, NJ 07932

Dear Board Members:

The comprehensive annual financial report of the Florham Park Public Schools for the fiscal year ended June 30, 2011 is hereby submitted. Responsibility for both the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the District. To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the financial position and the respective changes in financial position of the basic financial statements. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

Governmental Accounting Standards Board (GASB) requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. Public School's MD&A can be found immediately following the "Independent Auditor's Report".

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal letter, the District's organizational chart and a list of principal officials. The financial section includes the independent auditor's report, management's discussion and analysis (MD&A) and the basic financial statements including the district-wide financial statements presented in conformity with Governmental Accounting Standards Board Statement No.34. The basic financial statements also include individual financial statements; notes to the financial statements and required supplemental information (RSI). The statistical section includes selected financial and demographic information generally presented on a multi-year basis.

The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act Amendments of 2003 and the U.S. Office of Management and Budget Circular A-133. "Audits of States, Local Governments and Non-Profit Organizations", and the State Treasury Circular OMB 04-04. Information related to this single audit, including the auditors' report on the internal control structure and compliance with applicable laws and regulations and findings and recommendations, are included in the single audit section of this report.

1. REPORTING ENTITY AND ITS SERVICES

The District provides a full range of educational services appropriate to grade levels K through 8. These include regular and special education for handicapped youngsters. The District completed FY 2010/2011 with an average daily enrollment of 1,041. The following Average Daily Enrollment figures, reported in the School Summary Register, details the changes in student enrollment over the last ten (10) years:

<u>Fiscal Year</u>	<u>Average Daily Enrollment</u>	<u>Percent Change</u>
2010/11	1,027	0.96%
2009/10	1,037	0.88%
2008/09	1,028	0.00%
2007/08	1,029	3.11%
2006/07	998	0.71%
2005/06	991	2.69%
2004/05	965	3.65%
2003/04	931	0.32%
2002/03	928	10.74%
2001/02	838	7.57%

2. ECONOMIC CONDITION AND OUTLOOK

Florham Park remains financially healthy. The District is currently carrying a 2.0% unreserved / undesignated budgetary basis fund balance of the net budget to provide emergency funding for the lack of State Aid, to fund emergency projects, and to provide necessary reserves for future contingencies. In addition, the District has also established a 2.0% Emergency Reserve for future increases in health care premiums and other permitted emergencies as well as a 2.0% Capital Reserve for the local funding portion of future capital projects contained the district's Long Range Facility Plan.

3. MAJOR INITIATIVES

The District continues to meet its major challenges, vis-à-vis, a series of ambitious curriculum reviews based on the Long Range Curriculum Plan, which must be completed to maintain educational integrity. The curriculum reviews are in the areas of environmental education, mathematics, health education, technology, social studies, and science. The district has approved a new district wide math curriculum revision and textbook replacement for the subsequent year.

In order to maintain dialogue with the staff, in service training in the curriculum areas are offered to committee members. The district also continues to offer technology staff training during the school day, as well as after-school hours. The Quality School Assurance Continuum addresses this area.

In addition to technology, in-service training has focused on reading, language and mathematics instruction to address the NJASK 3-8 requirements. District in-service has focused on a diversified curriculum meeting the needs of each child as well establishing a Professional Learning Community throughout the district.

4. INTERNAL ACCOUNTING CONTROLS

As a recipient of Federal and State financial assistance, the District is also responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluation by District management and the auditor.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control structure, including that portion related to Federal and State financial assistance programs, as well as to determine that the District has complied with applicable laws and regulations.

5. BUDGETARY CONTROLS

In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund and the special revenue fund. The final budget amount as amended for FY 2010/2011 is reflected in the budgetary comparison schedules of the required supplementary information.

An encumbrance accounting system is used to record outstanding purchase commitments on a line-item basis. Open encumbrances at year-end are either canceled or are included as re-appropriation of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as reservations of fund balance at June 30, 2011.

6. ACCOUNTING SYSTEM AND REPORTS

The District's accounting records reflect generally accepted accounting principles (GAAP), as promulgated by the Governmental Accounting Standards Board (GASB). The accounting system of the District is organized on the basis of funds. These funds are explained in "Notes to the Financial Statements," Note #1.

7. DEBT ADMINISTRATION

At June 30, 2011 the District had \$9,785,000 in General Obligation Bonds outstanding. The proceeds of these bonds were used to provide funds for capital improvements to the District's buildings and grounds. These improvements include additions and various renovations in all three (3)-school buildings.

8. CASH MANAGEMENT

The investment policy of the District is guided in large part by State statute as detailed in "Notes to Financial Statements", Note #3. The District has adopted a cash management plan, which requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act (GUDPA). "GUDPA" was enacted in 1970 to protect governmental units from loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.

9. RISK MANAGEMENT

The Board carries various forms of insurance, including but not limited to general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds.

10. OTHER INFORMATION

Independent Audit – State statute requires an annual audit by independent certified public accountants or registered municipal accounts. The Board's Finance Committee selected the accounting firm of Lerch Vinci & Higgins, LLP, CPA's. In addition to meeting the requirements as set forth in State statutes, the audit also was designed to meet the requirements of the Single Audit Act of 1984, as amended in 1996, and the related OMB Circular A-133 and State Treasury Circular Letter 04-04.

The Auditor's report on the basic financial statements is included in the financial section of this report. The auditor's reports related specifically to the single audit are included in the single audit section of this report.

11. ACKNOWLEDGEMENTS

We would like to express our appreciation to the members of the Board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the District, as well as contributing their full support to the development and maintenance of our financial operations. The preparation of this report could not have been accomplished without the efficient and dedicated services of our financial and accounting staff.

Respectfully submitted,

INDEPENDENT AUDITORS' REPORT

Honorable President and Members
of the Board of Trustees
Florham Park Board of Education
Florham Park, New Jersey

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Florham Park Board of Education as of and for the fiscal year ended June 30, 2011, which collectively comprise the Board of Education's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Board of Education's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in the Government Auditing Standards, issued by the Comptroller General of the United States and audit requirements as prescribed by the Division of Finance and Regulatory Compliance, Department of Education, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Florham Park Board of Education's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to previously present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Florham Park Board of Education as of June 30, 2011, and the respective changes in financial position and cash flows, where applicable, thereof for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated September 9, 2011 on our consideration of the Florham Park Board of Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

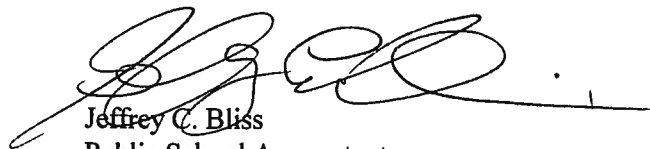

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Florham Park Board of Education's basic financial statements as a whole. The introductory section, combining and individual nonmajor fund financial statements, financial schedules and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying schedules of expenditures of federal awards and state financial assistance are presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations" and New Jersey OMB's Circular 04-04, "Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid", and are also not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements and schedules of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole. The introductory section, financial schedules and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

MANAGEMENT'S DISCUSSION AND ANALYSIS

FLORHAM PARK BOARD OF EDUCATION

Management's Discussion and Analysis Year Ended June 30, 2011

This section of Florham Park Board of Education's annual financial report presents our discussion and analysis of the District's financial performance during the fiscal year that ended on June 30, 2011. Please read it in conjunction with the transmittal letter at the front of this report and the District's financial statements, which immediately follow this section.

The Management's Discussion and Analysis (MD&A) is an element of Required Supplementary Information specified in the Governmental Accounting Standard Board's (GASB) Statement No. 34 – Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments issued in June 1999. Certain comparative information between the current year (2010-2011) and the prior year (2009-2010) is required to be presented in the MD&A

FINANCIAL HIGHLIGHTS

Key financial highlights for the 2010-2011 fiscal year include the following:

- The assets of the Florham Park Board of Education exceeded its liabilities at the close of the fiscal year by \$7,284,824. (Net Assets)
- The District's total net assets increased by \$214,841.
- Overall District revenues were \$17,637,021. General revenues accounted for \$15,693,006 or 89% of all revenues. Program specific revenues in the form of charges for services and grants and contributions accounted for \$1,944,015 or 11% of total revenues.
- The school district had \$17,408,472 in expenses for governmental activities; only \$1,932,877 of these expenses were offset by program specific charges, grants or contributions. General revenues (predominantly property taxes) of \$15,693,006 were adequate to provide for these programs.
- As of the close of the current fiscal year, the District's governmental funds reported a combined ending fund balance of \$830,058. Of this amount, \$165,593 (20%) is available for spending at the District's discretion (unassigned fund balance – General Fund).
- The General Fund fund balance at June 30, 2011 was \$830,058, an increase of \$176,951 compared to the ending fund balance at June 30, 2010 of \$653,107.
- The General Fund unassigned budgetary fund balance at June 30, 2011 was \$298,147, which represents a decrease of \$88,534 compared to the ending unassigned budgetary fund balance at June 30, 2010 of \$386,681.

Management's Discussion and Analysis Year Ended June 30, 2011

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial section of the annual report consists of four parts – Independent Auditors' Report, required supplementary information which includes the management's discussion and analysis (this section), the basic financial statements, and supplemental information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are *district wide financial statements* that provide both *short-term* and *long-term* information about the District's *overall* financial status.
- The remaining statements are *fund financial statements* that focus on *individual* parts of the District, reporting the District's operations in *more detail* than the district-wide statements.
- The *governmental funds statements* tell how basic services were financed in the *short term* as well as what remains for future spending.
- *Proprietary funds* statements offer *short-term* and *long-term* financial information about the activities the district operated like *businesses*.
- *Fiduciary funds* statements provide information about the financial relationships in which the District acts solely as a *trustee* or *agent* for the benefit of others to whom the resources belong.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data. The following shows how the various parts of this Annual Report are arranged and related to one another.

FLORHAM PARK BOARD OF EDUCATION

Management's Discussion and Analysis Year Ended June 30, 2011

The table below summarizes the major features of the District's financial statements, including the portion of the District's activities they cover and the types of information they contain. The remainder of this overview section of management's discussion and analysis highlights the structure and contents of each of the statements.

Major Features of the District-Wide and Fund Financial Statements

	District-Wide Statements	Fund Financial Statements		
		Governmental Funds	Proprietary Funds	Fiduciary Funds
Scope	Entire district(except fiduciary funds)	The activities of the district that are not proprietary or fiduciary, such as instruction, building maintenance, transportation, and administration.	Activities the district operates similar to private businesses: Enterprise Funds	Instances in which the district administers resources on behalf of someone else, such as unemployment, scholarships, student activities and payroll activities.
Required financial Statements	Statements of net assets Statement of activities	Balance Sheet Statement of Revenue, Expenditures and Changes in Fund Balances	Statement of Net Assets Statement of Revenue, Expenses, and Changes in Fund Net Assets, Statement of Cash Flows	Statements of Fiduciary Net Assets.

Type of asset/liability Information	All assets and liabilities, both financial and capital, short-term and long-term	Generally assets expected to be used up and liabilities that come due during the year or soon there after; no capital assets or long-term liabilities included	All assets and liabilities, both financial and capital, and short-term and long-term	All assets and liabilities, both short-term and long funds do not currently contain capital assets, although they can
Type of inflow/outflow Information	All revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and the related liability is due and payable.	All revenues and expenses during the year, regardless of when cash is received or paid.	All additions and dedications during the year, regardless of when cash is received or paid.

District-wide Statements

The district-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net assets includes *all* of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two district-wide statements report the District's *net assets* and how they have changed. Net assets – the difference between the District's assets and liabilities – is one way to measure the District's financial health or *position*

FLORHAM PARK BOARD OF EDUCATION

Management's Discussion and Analysis Year Ended June 30, 2011

- Over time, increases or decreases in the District's net assets are an indicator of whether its financial position is improving or deteriorating, respectively.
- To assess the overall health of the District you need to consider additional non-financial factors such as changes in the District's property tax base and the condition of school buildings and other facilities.

In the district-wide financial statements the District's activities are shown in two categories:

- *Governmental activities* – Most of the District's basic services are included here, such as regular and special education, transportation, administration, and plant operation and maintenance. Property taxes and Federal and State aid finance most of these activities.
- *Business type activities* – These are activities for operations that are financed and operated in a manner similar to private business enterprises. The District's Food Service Fund is included under this category.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's *funds* – focusing on its most significant or “major” funds – not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by State law and bond covenants.
- The District establishes other funds to control and manage money for particular purposes or to show that it is properly using certain revenues (federal and state grants).

The District has three kinds of funds:

- *Governmental funds* – Most of the District's basic services are included in governmental funds, which generally focus on (1) how *cash and other financial assets* that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed *short-term* view that helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the additional long-term focus of the district-wide statements, we provide additional information at the bottom of the governmental funds statements that explains the relationship (or differences) between them.
- *Proprietary funds* – Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the district-wide statements.
 - *Enterprise Funds* – This fund is established to account for operations that are financed and operated in a manner similar to private business enterprises. The stated intent is that costs of providing goods or services to the students on a continuing basis are financed or recovered primarily through user charges. The District currently has one enterprise fund, for its food service (cafeteria) program.

FLORHAM PARK BOARD OF EDUCATION

Management's Discussion and Analysis
Year Ended June 30, 2011

Fund Financial Statements (Continued)

• *Fiduciary funds* – The District is the trustee, or *fiduciary*, for assets that belong to others. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. All of the District's fiduciary activities are reported in a separate statement of fiduciary net assets and a statement of changes in fiduciary net assets. We exclude these activities from the district-wide financial statements because the District cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Net Assets. The District's *combined* net assets were \$7,284,824 and \$7,069,983 on June 30, 2011 and 2010, respectively as follows:

**Net Assets

By far the largest portion of the District's net assets reflects its investment in capital assets (e.g., land and improvements, buildings and improvements, vehicles, furniture and equipment), less any related debt used to acquire those assets that are still outstanding. The District uses these capital assets to provide services to its students; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The District's total net assets of \$7,248,824 at June 30, 2011 represent a \$214,841, or 3%, increase from the prior year. The following presents the changes in net assets for the years ended June 30, 2011 and 2010.

Management's Discussion and Analysis
Year Ended June 30, 2011

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

The financial performance of the District as a whole is reflected in its governmental funds as well. As the District completed the year, its governmental funds reported a *combined* fund balance of \$830,058, an increase of \$96,162 from last year's fund balance of \$733,896. This increase was attributable to revenues which exceeded budget estimates as well as expenditures which were less than amounts budgeted for the 2010/2011 school year.

Revenues for the District's governmental funds were \$17,625,883, while total expenditures were \$17,527,535.

GENERAL FUND

The General fund includes the primary operations of the District in providing educational services to students from Kindergarten through Grade 8.

The following schedule presents a summary of General Fund Revenues.

	Year Ended <u>June 30, 2011</u>	Year Ended <u>June 30, 2010</u>	Amount of Increase <u>(Decrease)</u>	Percent Increase <u>(Decrease)</u>

 Total General Fund Revenues	 <u>\$ 16,290,970</u>	 <u>\$ 16,611,234</u>	 <u>\$ (320,264)</u>	 (2)%

Total General Fund revenues decreased \$320,264 or 2% from the previous year. Property taxes increased \$338,966 or 3% to offset decreases in State aid. As indicated, State aid decreased \$630,555 or 32% mainly due to decreases in State categorical aid such as special education, transportation and security aid.

The following schedule presents a summary of General Fund expenditures.

	Year Ended <u>June 30, 2011</u>	Year Ended <u>June 30, 2010</u>	Amount of Increase <u>(Decrease)</u>	Percent Increase <u>(Decrease)</u>
Instruction	\$ 8,965,125	\$ 9,295,033	\$ (329,908)	(4)%

GENERAL FUND (Continued)

In 2010-2011 General Fund revenues and other financing sources exceeded expenditures and other financing uses by \$176,951. Therefore, total fund balance increased to \$830,058 at June 30, 2011. After deducting restricted and assigned fund balances, the unassigned fund balance increased from \$89,672 at June 30, 2010 to \$165,593 at June 30, 2011. In addition, the District did not assign or designate any fund balance at year end for use in the subsequent school year's budget.

CAPITAL ASSET AND DEBT ADMINISTRATION

At the end of fiscal year 2011, the District had \$16,559,864 invested in land, buildings, furniture, equipment and vehicles for governmental activities. The following is a comparison of the June 30, 2011 and 2010 balances:

Management's Discussion and Analysis Year Ended June 30, 2011

GENERAL FUND BUDGETARY HIGHLIGHTS

Over the course of the year, the District revised the annual operating budget several times. These budget amendments fall into two categories"

- Implementing budgets for specially funded projects, which include both federal and state grants.
- Reinstating prior year purchase orders being carried over as an encumbrance.
- Increases in appropriations for significant unbudgeted costs.

Revisions in the budget were made through budget transfers to prevent over expenditures in specific line item accounts. The District also appropriated additional unassigned fund balance to the budget during the year for unbudgeted items. Other revisions to the budget during the year were the reappropriation of prior year encumbrances.

General Fund budgetary revenues and other financing sources exceeded budgetary expenditures and other financing uses increasing budgetary fund balance \$12,496 from the previous year. After deducting fund balances restricted and committed, the unassigned budgetary fund balance decreased \$88,534, from \$386,681 at June 30, 2010 to \$298,147 at June 30, 2011.

FACTORS BEARING ON THE DISTRICT'S FUTURE

While many factors influence the district's future, the availability of funding for increased enrollment, special education needs and the economy will have the most impact on educational and fiscal decisions in the future.

Many factors were considered by the District's administration during the process of developing the fiscal year 2011-2012 budget. The primary factors were the District's projected student population, anticipated state and federal aid as well as increasing salary and related benefit costs.

These indicators were considered when adopting the budget for fiscal year 2011-2012. Budgeted expenditures in the General Fund remained relatively unchanged at \$15,260,075 for fiscal year 2011-2012. Overall contractual salary requirements remained virtually unchanged and decreases in special education tuition costs and energy costs were offset with increases in employee health benefit costs.

Amounts reported for *governmental activities* in the statement of net assets (A-1) are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. The cost of the assets is \$27,256,017 and the accumulated depreciation is \$10,642,152. 16,613,865

The District has financed capital assets through the issuance of serial bonds and long-term lease obligations. The interest accrual at year end is: (175,703)

Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported as liabilities in the funds

REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES
WITH THE DISTRICT-WIDE STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2011**

Total net change in fund balances - governmental funds (Exhibit B-2) \$ 96,162

Amounts reported for governmental activities in the statement of activities are different because:

Capital outlays to purchase or build capital assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement and allocated over their estimated useful lives as annual depreciation expense. This is the amount by which depreciation exceeds capital outlays in the current period.

Capital Outlay	\$ 96,554	
Depreciation Expense	<u>(728,052)</u>	
		(631,498)

In the statement of activities, certain operating expenses - compensated absences are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are measured by the amount of financial resources used (paid):

Compensated Absences		69,503
----------------------	--	--------

Repayment of long-term debt principal is an expenditure in the governmental funds, but it reduces long-term liabilities in the statement of net assets and does not affect the statement of activities.

Serial Bonds	640,000	
Capital Leases	<u>37,939</u>	
		677,939

The issuance of refunding bonds provides current financial resources to the governmental funds, while the repayment of the refunded bonds uses those current financial resources of governmental funds. Neither transactions, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums and other such items related to the refunding bonds when they are first issued, whereas these amounts are deferred and amortized in the statement of activities.

Amortization of Bond Premium	77,911	
Amortization of Deferred Amounts on Refunding	(75,974)	
Amortization of Cost of Issuance	<u>(11,689)</u>	
		(9,752)

Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the funds when it is due, and thus requires the use of current financial resources. In the statement of activities, however, interest expense is recognized as the interest accrues, regardless of when it is due.

NOTES TO THE BASIC FINANCIAL STATEMENTS

**FLORHAM PARK BOARD OF EDUCATION
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2011**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Florham Park Board of Education (the "Board" or the "District") is an instrumentality of the State of New Jersey, established to function as an education institution. The Board consists of seven elected officials and is responsible for the fiscal control of the District. A superintendent is appointed by the Board and is responsible for the administrative control of the District. Under existing statutes, the Board's duties and powers include, but are not limited to, the development and adoption of a school program; the establishment, organization and operation of schools; and the acquisition, maintenance and disposition of school property.

The Board also has broad financial responsibilities, including the approval of the annual budget and the establishment of a system of accounting and budgetary controls.

The reporting entity is composed of the primary government, component units, and other organizations that are included to ensure that the financial statements of the District are not misleading. The primary government consists of all funds, departments, boards and agencies that are not legally separate from the District. For the Florham Park Board of Education this includes general operations, food service, and student related activities of the District.

Component units are legally separate organizations for which the District is financially accountable. The District is financially accountable for an organization if the District appoints a voting majority of the organization's governing board and (1) the District is able to significantly influence the programs or services performed or provided by the organization; or (2) the District is legally entitled to or can otherwise access the organization's resources; the District is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the District is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the District in that the District approves the budget, the issuance of debt or the levying of taxes. Based on the foregoing criteria, the District has no component units.

B. Basic Financial Statements

The basic financial statements include both district-wide financial statements (based on the District as a whole) and fund financial statements. Both the district-wide and fund financial statements categorize activities as either governmental activities or business-type activities.

The district-wide financial statements report information on all of the nonfiduciary activities of the Board of Education. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by property taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. In the statement of net assets, both the governmental and business-type activities columns (a) are presented on a consolidated basis by column, and (b) reflect on a full accrual economic resource basis, which incorporates long-term assets and receivables as well as long-term debt and obligations.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or other governmental entities, including other school districts, who purchase, use, or directly benefit from goods or services provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Property taxes, unrestricted state aid, and other items not properly included among program revenues are reported instead as general revenues.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basic Financial Statements (Continued)

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the district-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. The District considers all of its governmental funds to be major funds.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

The district-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements with the exception of the agency fund which does not have a measurement focus. All assets and all liabilities associated with these operations (with the exception of the fiduciary funds) are included on the Statement of Net Assets. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when susceptible to accrual (i.e. when they are both measurable and available). Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Board considers revenues to be available if they are collected within 60 days after year-end. Expenditures are recorded when a liability is incurred, as under accrual basis of accounting, with the exception of debt service expenditures as well as expenditures related to compensated absences and claims and judgments which are recorded only when payment is due.

Property taxes, tuition, unrestricted state aid, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Grants and similar awards are recognized as revenue as soon as all eligibility requirements imposed by the grantor or provider have been met. All other revenue items are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

The *general fund* is the School District's primary operating fund. It accounts for all financial resources of the District, except those to be accounted for in another fund.

The *special revenue fund* accounts for the proceeds of specific revenue sources legally restricted to expenditures for specified purposes. This fund accounts for federal and state financial programs, with the exception of grants for major capital projects and the child nutrition programs.

The *capital projects fund* accounts for the proceeds from the sale of bonds, lease purchases and other revenues used for the acquisition or construction of major capital facilities and other capital assets.

The *debt service fund* accounts for the accumulation of resources for and the payment of principal and interest on long-term general obligation debt of governmental funds.

**FLORHAM PARK BOARD OF EDUCATION
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2011**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

The District reports the following non-major proprietary fund which is organized to be self-supporting through user charges:

The *food service fund* accounts for the activities of the school cafeteria, which provides milk to students.

Additionally, the government reports the following fund type:

The *fiduciary trust fund* is used to account for resources legally held in trust for the state unemployment insurance claims, for private donations for scholarship awards, payroll related activities and student related activities which are supported and controlled by student organizations and clubs. All resources of the fund, including any earnings on invested resources, may be used to support the intended purpose. There is no requirement that any portion of these resources be preserved as capital.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the district-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board (GASB). Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The Board has elected not to follow private-sector guidance issued subsequent to December 1, 1989.

As a general rule the effect of interfund activity has been eliminated from the district-wide financial statements. Exceptions to this general rule are charges between the Board's proprietary and fiduciary funds since elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues in the district-wide statement of activities include 1) charges to customers or applicants for goods or services, provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all property taxes, unrestricted state aid, investment earnings and miscellaneous revenues.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the food service enterprise fund is charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. Federal and State subsidies for the food service operation are considered nonoperating revenues.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

**FLORHAM PARK BOARD OF EDUCATION
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2011**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities and Net Assets or Equity

1. *Deposits and Investments*

Cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments are reported at fair value and are limited by N.J.S.A. 18A:20-37.

2. *Receivables and Payables*

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds". Any residual balances outstanding between the governmental activities and business-type activities are reported in the district-wide financial statements as "internal balances".

All receivables are reported at their gross value, and where appropriate, are reduced by the estimated portion that is expected to be uncollectible.

Tuition Revenues - Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs are determined and certified by the State Department of Education.

Tuition Expenditures - Tuition charges for the fiscal years 2009-2010 and 2010-2011 were based on rates established by the receiving district. These rates are subject to change when the actual costs have been certified by the State Department of Education.

Property taxes are levied pursuant to law and are collected by the municipality and are transferred to the District as requested. Property tax revenue is recognized in the year they are levied and become available. Property taxes collected in advance of the year-end for which they are levied and transferred to the District are reported as deferred revenues. The tax bills are mailed annually in June by the municipal tax collector and are levied and due in four quarterly installments on August 1, November 1, February 1 and May 1 of the fiscal year. When unpaid, taxes or any other municipal lien, or part thereof, on real property, remains in arrears on April 1st in the year following the calendar year levy when the same became in arrears, the tax collector of the municipality shall, subject to the provisions of New Jersey Statute, enforce the lien by placing the property on a tax sale. The municipality may institute annual "in rem" tax foreclosure proceedings to enforce the tax collection or acquisition of title to the property.

3. *Inventories*

The cost of inventories of the governmental fund types are recorded as expenditures at the time individual inventory items are purchased.

**FLORHAM PARK BOARD OF EDUCATION
 NOTES TO THE BASIC FINANCIAL STATEMENTS
 FOR THE FISCAL YEAR ENDED JUNE 30, 2011**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities and Net Assets or Equity (Continued)

4. *Capital Assets*

Capital assets, which include property, plant and equipment, are reported in the applicable governmental or business-type activities columns in the district-wide financial statements. Capital assets are defined by the Board as assets with an initial, individual cost of \$2,000 and an estimated useful life in excess of two years. The District was able to estimate the historical cost for the initial reporting of these capital assets through back trending. As the District constructs or acquires additional capital assets each period, they are capitalized and reported at historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Property, plant, and equipment of the District is depreciated using the straight line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Land Improvements	10-30
Buildings	40
Building Improvements	20
Machinery and Equipment	5-20

5. *Compensated Absences*

It is the District's policy to permit employees to accumulate (with certain restrictions) earned but unused sick leave benefits. A long-term liability of accumulated sick leave and salary related payments has been recorded in the governmental activities in the district-wide financial statements, representing the Board's commitment to fund such costs from future operations. Proprietary Funds accrue accumulated sick leave and salary related payments in the period that they are earned. A liability is reported in the governmental funds only to the amount actually due at year end as a result of employee resignations and retirements.

**FLORHAM PARK BOARD OF EDUCATION
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2011**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities and Net Assets or Equity (Continued)

6. *Long-term obligations*

In the district-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Gains and losses resulting from debt refundings are also deferred and amortized over the life of the refunded bonds or new bonds whichever is less using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount and refunding gains or losses. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

7. *Fund Equity*

Beginning with fiscal year 2011, the District implemented GASB Statement 54 "Fund Balance Reporting and Governmental Fund Type Definitions". The Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balance more transparent. This statement established fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds.

Restricted Fund Balance – Amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.

Capital Reserve – This restriction was created by the District in accordance with NJAC 6A:23A-14.1 to fund future capital expenditures (See Note 2B.)

Emergency Reserve – This restriction was created in accordance with NJAC 6A:23A-14.4(A)1 to accumulate funds in accordance with State statute to finance unanticipated general fund expenditures required for a thorough and efficient education.

Assigned Fund Balance – Amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority.

Year-End Encumbrances – Represent outstanding purchase orders for goods or services approved by management for specific purposes from available resources of the current year for which the goods and materials have not yet been received or the services have not yet been rendered at June 30.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2011**

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Liabilities and Net Assets or Equity (Continued)

7. *Fund Equity* (Continued)

Unassigned Fund Balance – Represents fund balance that has not been assigned to other funds and that has not been restricted, committed or assigned to specific purposes within the general fund.

8. *Reclassifications*

Certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Information

In accordance with the requirements of the New Jersey Department of Education ("the Department"), the District annually prepares its operating budget for the forthcoming year. The budget, except for the general fund and special revenue fund, which is more fully explained below and in the notes to the required supplementary information, is prepared in accordance with accounting principles generally accepted in the United States of America and serves as a formal plan for expenditures and the proposed means for financing them. Capital lease transactions are accounted for on the GAAP basis.

The annual budget is adopted in the spring of the preceding year for the general, special revenue and debt service funds. The District is not required to adopt an annual budget for the capital projects fund. The budget is submitted to the county superintendent and is voted upon at the annual school election on the third Tuesday in April. Budget adoptions and amendments are recorded in the District's board minutes. The budget is amended by the Board of Trustees as needed throughout the year. The budget for revenues, other resources, other uses, and fund balances is prepared by fund source and amount. The budget for expenditures is prepared by fund, program, function, object and amount. The legal level of budgetary control is established at the line item account within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6:20-2A.2(m)1. The Board approved several budget transfers during 2010/2011. During 2010/2011 the Board increased the original budget by \$163,925. The increase was funded by additional surplus appropriated, grant awards and the reappropriation of prior year general fund encumbrances.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America, with the exception of the legally mandated revenue recognition of certain state aid payments for budgetary purposes only and the treatment of encumbrances in the special revenue fund as described in the Notes to Required Supplementary Information (RSI). Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

Encumbrance accounting is employed in the governmental funds. Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds other than the special revenue fund are reported as committed fund balance at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services which are reappropriated and honored during the subsequent fiscal year.

NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY (Continued)

B. Capital Reserve

A capital reserve account was established by the District on October 16, 2000. The accumulation of funds will be used for capital outlay expenditures in subsequent fiscal years. The capital reserve is maintained in the general fund and its activity is included in the general fund annual budget.

Funds placed in the capital reserve are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). Upon submission of the LRFP to the Department, a district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at year end of any unanticipated revenue or unexpended line-item appropriation amounts or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to N.J.S.A. 19:60-2. Pursuant to N.J.A.C. 6:23A-14.1(g), the balance in the reserve cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the fiscal year ended June 30, 2011 is as follows:

Beginning balance		\$	144,537
Increases:			
Interest earnings	\$	60	
Deposits Approved by Board Resolution		<u>240,000</u>	
			<u>240,060</u>
Ending balance		\$	<u>384,597</u>

The June 30, 2011 LRFP balance of local support costs of uncompleted capital projects is \$994,136.

C. Transfers to Capital Outlay

During the 2010/2011 school year, the district transferred \$22,500 to the capital outlay facilities acquisition and construction services accounts. The transfer was made from available appropriation balances in current expense budget accounts. The transfer was approved by the County Superintendent as required by N.J.A.C. 6A:23A-13.3(h).

NOTE 3 DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

Deposits

The Board's deposits are insured through either the Federal Deposit Insurance Corporation (FDIC), Securities Investor Protection Corporation (SIPC) or New Jersey's Governmental Unit Deposit Protection Act (GUDPA). The Board is required to deposit their funds in a depository which is protecting such funds pursuant to GUDPA. The New Jersey Governmental Unit Deposit Protection Act requires all banks doing business in the State of New Jersey to pledge collateral equal to at least 5% of the average amount of its public deposits and 100% of the average amount of its public funds in excess of 75% of its capital funds or \$200 million for all deposits not covered by the FDIC.

Deposits (Continued)

Bank balances are insured up to \$250,000 in the aggregate by the FDIC for each bank. SIPC replaces cash claims up to a maximum of \$250,000 for each failed brokerage firm. At June 30, 2011, the book value of the Board's deposits was \$844,719 and bank balances of the Board's cash and deposits amounted to \$1,161,946. The Board's deposits which are displayed on the balance sheets and statement of net assets as "cash and cash equivalents" are categorized as:

<u>Depository Account</u>	<u>Bank Balance</u>
Insured	\$ <u>1,161,946</u>

Custodial Credit Risk – Deposits – Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The Board does not have a policy for custodial credit risk. As of June 30, 2011 none of the Board's bank balance was exposed to custodial credit risk.

Investments

The Board is permitted to invest public funds in accordance with the types of securities authorized by N.J.S.A. 18A:20-37. Examples of the allowable investments are bonds or other obligations of the United States or obligations guaranteed by the United States of America, Government Money Market Mutual Funds, bonds or other obligations of the school district or bonds or other obligations of the local unit or units within which the school district is located, Local Government investment pools, and agreements or the repurchase of fully collateralized securities, if transacted in accordance with the above statute.

As of June 30, 2011, the Board had no outstanding investments.

Investment and interest earnings in the Capital Projects Fund are assigned to the General Fund in accordance with Board policy.

B. Receivables

Receivables as of June 30, 2011 for the district's individual major funds, nonmajor, and fiduciary funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

	<u>General</u>	<u>Special Revenue</u>	<u>Fiduciary Funds</u>	<u>Total</u>
Receivables:				
Intergovernmental	\$ 41,138	\$ 87,366		\$ 128,504

Net Total Receivables	<u>\$ 41,138</u>	<u>\$ 87,366</u>	<u>\$ 5,284</u>	<u>\$ 133,788</u>

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of deferred revenue reported in the governmental funds were as follows:

	<u>Unearned</u>
Special Revenue Fund	
Unencumbered grant draw downs	<u>\$8,561</u>
Total deferred revenue for governmental funds	<u>\$8,561</u>

E. Long-Term Debt

General Obligation Bonds

The Board issued general obligation bonds to provide funds for the acquisition and construction of major capital facilities. The full faith and credit of the Board are irrevocably pledged for the payment of the principal of the bonds and the interest thereon.

Bonds payable at June 30, 2011 are comprised of the following issues:

\$10,940,000, 2002 Bonds, due in annual installments of \$635,000 through July 15, 2011, interest at 4.20%	\$ 635,000
\$9,185,000, 2009 Bonds, due in annual installments of \$35,000 to \$945,000 through July 15, 2022, interest at 2.00% to 5.00%	<u>9,150,000</u>

Statutory Borrowing Power

The Board's remaining borrowing power under N.J.S. 18A:24-19, as amended, at June 30, 2011 was as follows:

3% of Equalized Valuation Basis (Municipal)	\$ 99,963,349
Less: Net Debt	<u>9,785,000</u>
Remaining Borrowing Power	<u>\$ 90,178,349</u>

Prior-Year Defeasance of Debt

In prior years, the District defeased certain serial bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and liabilities for the defeased bonds are not included in the District's financial statements. On June 30, 2011, \$9,100,000 of bonds outstanding are considered defeased.

NOTE 4 OTHER INFORMATION

A. Risk Management

The District is exposed to various risks of loss related to property, general liability, automobile coverage, theft of, damage to and destruction of assets; errors and omissions; injuries to employees; student accident; termination of employees and natural disasters. The Board has obtained commercial insurance coverage to guard against these events to minimize the exposure to the District should they occur.

The District is a member of the New Jersey School Board Association Insurance Group . The Group is a risk sharing public entity pool, established for the purpose of insuring against various types of insurance coverages including worker's compensation, property, auto and general liability claims.

The relationship between the Board and the insurance funds is governed by a contract and by-laws that have been adopted by resolution of each unit's governing body. The Board is contractually obligated to make all annual and supplementary contributions to the funds, to report claims on a timely basis, cooperate with the management of the funds, its claims administrator and attorneys in claims investigation and settlement, and to follow risk management procedures as outlined by the funds. Members have a contractual obligation to fund any deficit of the funds attributable to a membership year during which they were a member.

NOTE 4 OTHER INFORMATION (Continued)

A. Risk Management

New Jersey School Board Association Insurance Group provides its members with risk management services, including the defense of and settlement of claims and to establish reasonable and necessary loss reduction and prevention procedures to be followed by the members. Complete financial statements of the respective insurance funds are on file with the School's Business Administrator.

There has been no significant reduction in insurance coverage from the previous year nor have there been any settlements in excess of insurance coverage's in any of the prior three years.

The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's fiduciary trust fund for the current and previous two years:

<u>Fiscal Year</u>	<u>District Contributions</u>	<u>Employee Contributions</u>	<u>Amount Reimbursed</u>	<u>Ending Balance</u>
2011	\$ 65,000	\$ 14,344	\$ 55,196	\$ 43,466
2010	None	15,429	44,344	19,418
2009	30,000	15,369	9,236	48,264

B. Contingent Liabilities

The District is a party defendant in some lawsuits, none of a kind unusual for a school district of its size and scope of operation. In the opinion of the Board's Attorney the potential claims against the District not covered by insurance policies would not materially affect the financial condition of the District.

Federal and State Awards – The Board participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the Board may be required to reimburse the grantor government. As of June 30, 2011, significant amounts of grant expenditures have not been audited by the various grantor agencies but the Board believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on any of the individual governmental funds or the overall financial position of the District.

C. Federal Arbitrage Regulations

The District is subject to Section 148 of the Internal Revenue Code as it pertains to the arbitrage rebate on all tax-exempt obligations, both long and short-term debt. Under the 1986 Tax Reform Act, the Internal Revenue Service (IRS) required that all excess earnings from investment proceeds be rebated to the IRS. Arbitrage, for purposes of these regulations, is defined as the difference between the yield on the investment and the yield on the obligations issued. If there are excess earnings, this amount may be required to be rebated to the IRS. At June 30, 2011, the District has not estimated its arbitrage earnings due to the IRS, if any.

D. Employee Retirement Systems and Pension Plans

The State of New Jersey sponsors and administers the following contributory defined benefit public employee retirement systems (retirement systems) covering substantially all eligible Board employees:

Public Employees' Retirement System (PERS) – Established in January 1955, under the provisions of N.J.S.A. 43:15A to provide coverage, including post-retirement health care, to substantially all full time employees of the State or any county, municipality, school district, or public agency provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees and vesting occurs after 8 to 10 years of service for pension benefits and 25 years for post-retirement health care coverage.

Teachers' Pension and Annuity Fund (TPAF) – Established in January 1955, under the provisions of N.J.S.A. 18A:66 to provide coverage including post-retirement health care to substantially all full time certified teachers or professional staff of the public school systems in the State. Membership is mandatory for such employees and vesting occurs after 10 years of service for pension benefits and 25 years for post-retirement health care coverage.

The State of New Jersey sponsors and administers the following defined contribution public employee retirement program covering certain state and local government employees which include those Board employees who are eligible for pension coverage.

Defined Contribution Retirement Program (DCRP) – established under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2008 to provide coverage to elected and certain appointed officials, effective July 1, 2007. Membership is mandatory for such individuals with vesting occurring after one (1) year of membership.

Other Pension Funds

The State established and administers a Supplemental Annuity Collective Trust Fund (SACT) which is available to active members of the State-administered retirement systems to purchase annuities to supplement the guaranteed benefits provided by their retirement system. The state or local government employers do not appropriate funds to SACT.

The cost of living increase for PERS and TPAF, are funded directly by each of the respective systems and are considered in the annual actuarial calculation of the required State contribution for the system.

According to state law, all obligations of each retirement system will be assumed by the State of New Jersey should any retirement system be terminated.

Other Pension Funds (Continued)

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of each of the above systems. The financial reports may be accessed via the New Jersey, Division of Pensions and Benefits, website at www.state.nj.us/treasury/pensions.

Basis of Accounting

The financial statements of the retirement systems are prepared on the accrual basis of accounting. Employer contributions are recognized when payable to the retirement systems. Benefits or refunds are recognized when due and payable in accordance with the terms of the retirement systems.

Investment Valuation

Investments are reported at fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Mortgages are valued on the basis of future principal and interest payments, and are discounted at prevailing interest rates for similar instruments. The fair value of real estate investments is based on independent appraisals. Investments that do not have an established market are reported at estimated fair values.

The State of New Jersey, Department of the Treasury, Division of Investment, issues publicly available financial reports that include the financial statements of the State of New Jersey Cash Management Fund, Common Pension Fund A, Common Pension Fund B, Common Pension Fund D and Common Pension Fund E. The financial reports may be obtained in writing to the State of New Jersey, Department of the Treasury, Division of Investment, P.O. Box 290, Trenton, New Jersey 08625-0290.

Significant Legislation

P.L. 2010, c. 1, effective May 21, 2010, made a number of changes to the State-administered retirement systems concerning eligibility, the retirement allowance formula, the definition of compensation, the positions eligible for service credit, the non-forfeitable right to a pension, the prosecutor's part of the PERS, and employer contributions to the retirement system.

This new legislation changed the membership eligibility criteria for new members of TPAF and PERS from the amount of annual compensation to the number of hours worked weekly. Also, it returned the benefit multiplier for new members of TPAF and PERS to 1/60 from 1/55, and it provided that new members of TPAF and PERS have the retirement allowance calculated using the average annual compensation for the last five years of service instead of the last three years of service. New members of TPAF and PERS will no longer receive pension service credit from more than one employer. Pension service credit will be earned for the highest paid position only. This law also closed the prosecutor's part of the PERS to new members and repealed the law for new members that provided a non-forfeitable right to receive a pension based on the laws of the retirement system in place at the time five years of pension service credit is attained. The law also requires the State to make its full pension contribution, defined as 1/7th of the required amount, beginning in Fiscal Year 2012.

P.L. 2010, c.3, effective May 21, 2010, replaced the accidental and ordinary disability retirement for new members of the TPAF and PERS with disability insurance coverage similar to that provided by the State to individuals enrolled in the State's Defined Contribution Retirement Program.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE FISCAL YEAR ENDED JUNE 30, 2011**

NOTE 4 OTHER INFORMATION (Continued)

D. Employee Retirement Systems and Pension Plans (Continued)

Funding Status and Funding Progress

As of June 30, 2009, the most recent actuarial valuation date, the aggregate funded ratio for all the State administered retirement systems including TPAF and PERS, is 66.0 percent with an unfunded actuarial accrued liability of \$45.8 billion. The aggregate funded ratio and unfunded accrued liability for the State-funded systems is 62.0 percent and \$30.7 billion, and the aggregate funded ratio and unfunded accrued liability for local PERS and Police and Firemen's Retirement System ("PFRS") is 72.1 percent and \$15.1 billion.

The funded status and funding progress of the retirement systems is based on actuarial valuations which involve estimates of the value of reported amounts and assumptions about the probability of events far into the future. These amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the probability of future events.

Actuarial calculations reflect a long-term perspective and are based on the benefits provided under the terms of the retirement systems in effect at the time of each valuation and also consider the pattern of the sharing of costs between the employer and members at that point in time. The projection of benefits for financing reporting purposes does not explicitly incorporate the potential effects of legal or contractual limitations on the pattern of cost sharing between the employer and members in the future.

Actuarial Methods and Assumptions

In the June 30, 2009 actuarial valuation, the projected unit credit was used as the actuarial cost method, and the five year average of market value was used as the asset valuation method for the retirement systems. The actuarial assumptions included (1) 8.25 percent for investment rate of return for the retirement systems and (2) 5.45 percent for projected salary increases for the PERS and 5.74 percent for TPAF.

Employer and Employee Pension Contributions

The contribution policy is set by laws of the State of New Jersey and contributions are required by active members and participating employers. Plan member and employer contributions may be amended by State of New Jersey legislation with the amount of contributions by the State of New Jersey contingent upon the Annual Appropriations Act. As defined, the retirement systems require employee contributions based on 5.5% for PERS, 5.5% for TPAF and 5.50% for DCRP of the employee's annual compensation.

Annual Pension Costs (APC)

Per the requirements of GASB Statement No. 27 for the year ended June 30, 2011 for TPAF, which is a cost sharing plan with special funding situations, annual pension cost differs from the annual required contribution. For PERS, which is a cost sharing multi-employer defined benefit pension plan, the annual pension cost equals contributions made. TPAF employer contributions are made annually by the State of New Jersey to the pension system on behalf of the Board. PERS employer contributions are made annually by the Board to the pension system in accordance with Chapter 114, P.L. 1997. In the DCRP, which is a defined contribution plan, member contributions are matched by a 3% employer contribution.

During the years ended June 30, 2011, 2010 and 2009 the Board was required to contribute for PERS and DCRP and the State of New Jersey was required to contribute for TPAF for normal cost pension and accrued liability contributions including non-contributory group life insurance (NCGI) the following amounts:

Year Ended June 30,	<u>PERS</u>	On-behalf <u>TPAF</u>	<u>DCRP</u>
2011	\$ 202,935	\$ 21,802	\$ 1,034
2010	159,899	26,880	None
2009	115,069	22,698	None

During the last three fiscal years, the State of New Jersey did not contribute to the TPAF for normal cost and accrued liability. The State contributed \$21,802, \$26,880 and \$22,698 during 2010/2011, 2009/2010 and 2008/2009, respectively, for the NCGI premium only.

Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the Board \$522,200 during the year ended June 30, 2011 for the employer's share of social security contributions for TPAF members as calculated on their base salaries. This amount, along with the on-behalf TPAF pension contribution, has been included in the district-wide financial statements and the fund financial statements as a revenue and expenditure in accordance with GASB No. 24.

E. Post-Retirement Medical Benefits

The State of New Jersey sponsors and administers the post-retirement health benefit program plans for school districts. The Plans are cost sharing multiple employer defined benefit plans.

As a result of implementing Governmental Accounting Standards Board (GASB) Statement No. 43, *Financial Reporting for Post-employment Benefit Plans Other than Pension Plans* (OPEB), effective for Fiscal Year 2007, the State Health Benefits Program (SHBP), and the Prescription Drug Program (PDP), and Post-Retirement Medical (PRM) of the PERS and TPAF are combined and reported as Pension and Other employee Benefit Trust Funds in the State's Comprehensive Annual Financial Report (CAFR). Specifically, SHBP-State, PDP-State, and the PRM of the PERS are combined and reported as a Health Benefits Program Fund – State classified as a single employer plan. The SHBP-Local, PDP-Local, and the PRM of the TPAF are combined and reported as Health Benefits Program Fund –Local Government classified as a cost-sharing multiple-employer plan in the State's CAFR. The post-retirement benefit programs had a total of 514 state and local participating employers and contributing entities for Fiscal Year 2010.

The State of New Jersey sponsors and administers the following health benefit programs covering certain state and local government employees, including those Board employees and retirees eligible for coverage.

E. Post-Retirement Medical Benefits (Continued)

Health Benefits Program Fund (HBPF) – Local Education (including Prescription Drug Program Fund) – The State of New Jersey provides free coverage to members of the Teachers' Pension and Annuity Fund who retire from a board of education or county college with 25 years of service or on a disability retirement. Under the provisions of P.L. 1992, c.126, the State also provides free coverage to members of the Public Employees' Retirement System and Alternate Benefits Program who retire from a board of education or county college with 25 years of service or on a disability retirement if the member's employer does not provide this coverage. Certain local participating employers also provide post-retirement medical coverage to their employees. Retirees who are not eligible for employer paid health coverage at retirement can continue in the program if their employer participates in this program or if they are participating in the health benefits plan of their former employer and are enrolled in Medicare parts A and B by paying the cost of the insurance for themselves and their covered dependents. Also, education employees are eligible for the PDP coverage after 60 days of employment.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the above Fund. The financial reports may be accessed via the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, website at www.state.nj.us/treasury/pensions.

Basis of Accounting

The financial statements of the health benefit programs are prepared on the accrual basis of accounting. Employer contributions are recognized when payable to the health benefit programs. Benefits or refunds are recognized when due and payable in accordance with the terms of the health benefit programs.

Significant Legislation

P.L. 2010, c.2 effective May 21, 2010, makes changes to the SHBP-State/Local Government/Local Education concerning eligibility, cost sharing, choice of a plan, the application of benefit changes, the waiver of coverage, and multiple coverage under such plans. It also requires contributions toward the cost of health care benefits coverage by public employees and certain retirees.

Investment Valuation

Investments are reported at fair value. Investments that do not have an established market are reported at estimated fair values.

Funded Status and Funding Progress

As of June 30, 2009, the most recent actuarial valuation date, the State had a \$56.8 billion unfunded actuarial accrued liability for other post-employment benefits (OPEB) which is made up to \$20.5 billion for state active and retired members and \$36.3 billion for education employees and retirees that become the obligation of the State of New Jersey upon retirement.

The funded status and funding progress of the OPEB is based on actuarial valuations which involve estimates of the value of reported amounts and assumptions about the probability of events in the future. These amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the probability of future events.

**FLORHAM PARK BOARD OF EDUCATION
NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE 4 OTHER INFORMATION (Continued)

E. Post-Retirement Medical Benefits (Continued)

Actuarial calculations reflect a long-term perspective and are based on the benefits provided under the terms of the OPEB in effect at the time of each valuation and also consider the pattern of the sharing of costs between the employer and members at the point in time. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal contractual funding limitations on the pattern of cost sharing between the employer and members in the future.

Actuarial Methods and Assumptions

In the June 30, 2009, actuarial valuation, the projected unit credit was used as the actuarial cost method, and the market value was used as asset valuation method for the OPEB. The actuarial assumptions included 4.50 percent for investment rate of return for the OPEB.

Post-Retirement Medical Benefits Contributions

P.L. 1987, c. 384 and P.L. 1990, c.6 required the Teachers' Pension and Annuity Fund (TPAF) and Public Employees' Retirement System (PERS), respectively to fund post-retirement medical benefits for those State employees and education employees who retire after accumulating 25 years of credited service or on a disability retirement. As of June 30, 2010, there were 87,288 retirees receiving post-retirement medical benefits and the State contributed \$883.8 million on their behalf. The cost of these benefits is funded through contributions by the State and in accordance with P.L. 1994, c.62. Funding of post-retirement medical benefits changed from a pre-funding basis to a pay-as-you-go basis beginning in fiscal year 1994.

The State is also responsible for the cost attributable to P.L. 1992, c.126, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education with 25 years of service. The State paid \$126.3 million toward Chapter 126 benefits for 14,050 eligible retired members in fiscal year 2010.

The State sets the contribution rate based on a pay as you go basis and not on the *annual required contribution of the employers (ARC)*, an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a period not to exceed thirty years. The State's contributions to the State Health Benefits Program Fund for TPAF retirees' post-retirement benefits on behalf of the School District for the years ended June 30, 2011, 2010 and 2009 were \$463,068, \$504,853 and \$433,029, respectively, which equaled the required contributions for each year. The State's contributions to the State Health Benefits Program Fund for PERS retirees' post-retirement benefits on behalf of the School District was not determined or made available by the State of New Jersey.

REQUIRED SUPPLEMENTARY INFORMATION
BUDGETARY COMPARISON SCHEDULE
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
FOR THE FISCAL YEAR ENDED JUNE 30, 2011**

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America, with the exception of the legally mandated revenue recognition of certain state aid payments for budgetary purposes only and the treatment of encumbrances in the special revenue fund as described below. Encumbrance accounting is also employed as an extension of formal budgetary integration of the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the Special Revenue Funds are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

The following presents a reconciliation of the General and Special Revenue Funds from the budgetary basis of accounting as presented in the Budgetary Comparison Schedule - General Fund and Special Revenue Fund to the GAAP basis of accounting as presented in the Statement of Revenues, Expenditures and Changes in Fund Balance - Governmental Funds.

		<u>General Fund</u>		<u>Special Revenue Fund</u>

Beginning with Fiscal Year 2011, the District implemented GASB Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions". The Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on a government's fund balance more transparent. This Statement established fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Reclassification of prior year fund balance amounts to comply with Statement No. 54 is not required.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable President and Members
of the Board of Trustees
Florham Park Board of Education
Florham Park, New Jersey

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Florham Park Board of Education as of and for the fiscal year ended June 30, 2011, which collectively comprise the Florham Park Board of Education's basic financial statements and have issued our report thereon dated September 9, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States and audit requirements as prescribed by the Division of Finance and Regulatory Compliance, Department of Education, State of New Jersey.

Internal Control Over Financial Reporting

Management of the Florham Park Board of Education is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Florham Park Board of Education's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Florham Park Board of Education's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Florham Park Board of Education's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Florham Park Board of Education's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Florham Park Board of Education's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and audit requirements as prescribed by the Division of Finance and Regulatory Compliance, Department of Education, State of New Jersey.

We noted certain matters that we have reported to management of the Florham Park Board of Education in a separate report entitled, "Auditors' Management Report on Administrative Findings – Financial, Compliance and Performance" dated September 9, 2011.

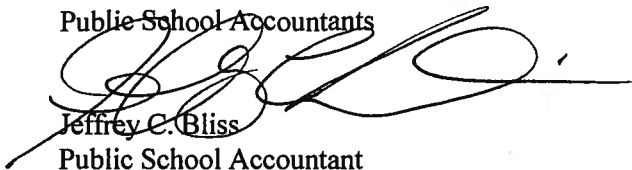

This report is intended solely for the information and use of management, the Board of Trustees, others within the District, the New Jersey State Department of Education and other federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 AND NEW JERSEY OMB CIRCULAR 04-04

Independent Auditor's Report

Honorable President and Members
of the Board of Trustees
Florham Park Board of Education
Florham Park, New Jersey

Compliance

We have audited the Florham Park Board of Education's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement and the New Jersey OMB Circular 04-04 State Aid/Grant Compliance Supplement that could have a direct and material effect on each of Florham Park Board of Education's major state programs for the fiscal year ended June 30, 2011. Florham Park Board of Education's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirement of laws, regulations, contracts and grants applicable to each of its major state programs is the responsibility of the Florham Park Board of Education's management. Our responsibility is to express an opinion on Florham Park Board of Education's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; audit requirements as prescribed by the Division of Finance and Regulatory Compliance, Department of Education, State of New Jersey; OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations and New Jersey OMB Circular 04-04, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Those standards and circulars require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about Florham Park Board of Education's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Florham Park Board of Education's compliance with those requirements.

In our opinion, Florham Park Board of Education complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the fiscal year ended June 30, 2011. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements which are required to be reported in accordance with OMB Circular A-133 and New Jersey OMB Circular 04-04 and which are described in the accompanying schedule of findings and questioned costs as item 2011-1.

Internal Control Over Compliance

Management of Florham Park Board of Education is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to state programs. In planning and performing our audit, we considered Florham Park Board of Education's internal control over compliance with requirements that could have a direct and material effect on a major state program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133 and New Jersey OMB Circular 04-04, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Board's internal control over compliance.

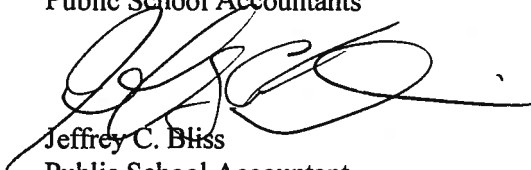

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

The Board of Education's response to the finding identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the Board of Education's response and, accordingly, we express no opinion on the response.

This report is intended solely for the information and use of management, the Board of Trustees, others within the District, the New Jersey State Department of Education and other state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**FLORHAM PARK BOARD OF EDUCATION
NOTES TO THE SCHEDULES OF EXPENDITURES OF
FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE
FOR THE FISCAL YEAR ENDED JUNE 30, 2011**

NOTE 1 GENERAL

The accompanying schedules present the activity of all federal and state financial assistance programs of the Florham Park Board of Education. The Board of Education is defined in Note 1(A) to the Board's basic financial statements. All federal financial assistance received directly from federal agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedule of expenditures of federal awards and state financial assistance.

NOTE 2 BASIS OF ACCOUNTING

The accompanying schedules are presented using the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Notes 1(C) to the Board's basic financial statements.

NOTE 3 RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on a modified accrual basis with the exception of the revenue recognition of the delayed state aid payments in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2.. For GAAP purposes, those payments are not recognized until the subsequent year due to the state deferral and recording of certain state aid payments in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, which may include the delayed state aid payments, whereas the GAAP basis does not. The special revenue fund also recognizes the delayed state aid payments in the current budget year, consistent with N.J.S.A. 18A:22-44.2.

The net adjustment to reconcile from the budgetary basis to the GAAP basis is an increase of \$164,455 for the general fund. See the Notes to Required Supplementary Information for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's basic financial statements on a GAAP basis as presented as follows:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund		\$ 1,359,333	\$ 1,359,333
Special Revenue Fund	\$ 309,113	36,641	345,754
Food Service Fund	<u>2,725</u>	<u>-</u>	<u>2,725</u>
Total Financial Assistance	<u>\$ 311,838</u>	<u>\$ 1,395,974</u>	<u>\$ 1,707,812</u>

FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE
FOR THE FISCAL YEAR ENDED JUNE 30, 2011**

NOTE 4 RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules may not necessarily agree with the amounts reported in the related federal and state financial reports due to timing differences between the District's fiscal year and grant program years.

NOTE 5 OTHER INFORMATION

TPAF Social Security contributions in the amount of \$522,200 represents the amount reimbursed by the State for the employer's share of social security contributions for TPAF members for the year ended June 30, 2011. The amount reported as TPAF Pension System Contributions in the amount of \$21,802 and TPAF Post-Retirement Medical Benefits Contributions in the amount of \$463,068 represents the amount paid by the State on behalf of the District for the year ended June 30, 2011.

NOTE 6 ON-BEHALF PROGRAMS NOT SUBJECT TO STATE SINGLE AUDIT

On-behalf State Programs for TPAF Pension and Post-Retirement Medical Benefits Contributions are not subject to a State single audit and, therefore, are excluded from major program determination.

CURRENT YEAR STATE AWARDS

Finding 2011-1

Our audit of the Teachers' Pension and Annuity Fund FICA reimbursements revealed that one district employee reported for reimbursement on the semi-monthly reimbursement form was not eligible for reimbursement.

State program information:

Reimbursed TPAF Social Security Contributions	11-495-034-5092-002
---	---------------------

Criteria or specific requirement:

State Grant Compliance Supplement-Reimbursed TPAF Social Security Contributions

Condition:

An employee reported for TPAF FICA reimbursement during the 2010/2011 school year was not a member of the TPAF pension system and, therefore, was not eligible for reimbursement.

Questioned Costs:

Approximately \$3,000.

Context:

State share of Teachers' Pension and Annuity Fund FICA reimbursements were received for one employee who was not eligible for such reimbursement.

Effect:

Teachers' Pension and Annuity Fund FICA reimbursements are not in compliance with State requirements.

Recommendation:

A review be made of all individuals reported for the Teachers' Pension and Annuity Fund FICA reimbursement to ensure that only eligible TPAF employees are reported for reimbursement.

Management's Response

Management has reviewed this finding and has indicated corrective action will be taken.

FLORHAM PARK BOARD OF EDUCATION
SUMMARY SCHEDULE OF PRIOR YEAR FINDINGS
FOR THE FISCAL YEAR ENDED JUNE 30, 2011
