RE: Holiday Updates (Travel & Gatherings) - CDC & NJDOH

Dear **Florham Park Parents/Guardians and Staff,**

As we enter the holiday break, please see the most recent updates from the CDC pertaining to the Holiday Season- ([CDC holiday gatherings/travel](#)). This CDC website provides information on holiday travel, as well as safer options for holiday activities and celebrations. In addition, the [NJDOH Toolkit](#) provides updated documents and infographics relevant to New Jersey for your review.

This past Sunday, it was reported that New Jersey's statewide rate of transmission dropped for a seventh straight day to exactly 1.00. It was reported that this is the lowest the rate of transmission has been since reaching 0.99 on September 3, 2020. Additionally and as per our local health department, according to the daily numbers of new infections provided by the Morris County Health Department, Florham Park appears to have lower transmissions than many of the surrounding towns within Morris County; therefore, keep it up Florham Park! Continue to remain vigilant, practice social distancing, wash your hands, wear a mask, keeping yourself or child home if sick, etc. Our schools' in-person programs and our students have benefited from all of your efforts.

Thank you to the staff and community for your continued dedication, and I hope that you and your family have a wonderful Holiday Season.

Sincerely,

Steven Caponegro
