Transportation by Private Vehicle

M

8660 (Revision) TRANSPORTATION BY PRIVATE VEHICLE

In recommending arrangements for student transportation to and from school-related activities, the Superintendent shall consider the type of activity, the total number of students involved, and the availability of appropriate vehicles. Transportation of students by employees using their private vehicle is strictly prohibited. Private vehicles may be used by parents who arrange for transportation of their child(ren) to and from school-related activities if authorized by the district in advance.
